## REGULAR MEETING

of the California Horse Racing Board will be held, **Thursday, August 17, 2006**, commencing at **10:00 a.m.**, at the **Del Mar Surfside Race Place, (Downstairs General Admission Area) 2260 Jimmy Durante Blvd., Del Mar, California.** **The meeting will open at 10:00 a.m., then the Board will adjourn into Executive Session with the regular meeting commencing at approximately 10:30 a.m.**

### AGENDA

#### Action Items

1. Approval of the **minutes of the regular meeting of July 20, 2006.**
2. Discussion and action by the Board on the **Application for License to Conduct a Horse Racing Meeting of the Fresno District Fair (F) at Fresno**, commencing October 4 through October 15, 2006, inclusive.
3. Discussion and action by the Board on the **Application for License to Conduct a Horse Racing Meeting of the Oak Tree Racing Association (T) at Santa Anita**, commencing September 27 through October 29, 2006, inclusive.
4. Public hearing by the Board on the adoption of the **proposed amendment to CHRB Rule 1486, Term of License**, to change the expiration date of one-year licenses from December 31 to the last day of the birth month of the licensee.
5. Public hearing by the Board on the adoption of the **proposed amendment to CHRB Rule 1544, Calling off Race, and CHRB Rule 1658, Vesting of Title to Claimed Horse**, to provide that any claims submitted in a race that is called off, canceled or declared no contest shall be void.
6. Public hearing by the Board on the adoption of the **proposed amendment to CHRB Rule 1733, Whips**, to bring the allowed length of a driver's whip in line with the United States Trotting Association (USTA) requirements.
7. Discussion and action by the Board on the matter of: (1) **licensing and setting of ADW hub rates** and the obligations of ADW companies and or racing associations to have agreements with horsemen's or owner's organizations; (2) **TVG and TOC hub fee rate dispute**, relating to imported TB races and the propriety of an ADW company to import races without a contract in place with a racing association or horseman's organization of the same breed as the imported races; (3) **method of determining, calculating and reserving for rates in dispute**; (4) any other related matter considered part of the dispute between any **ADW company and any racing association or horsemen's or owner's organization.**

8. Discussion and action by the Board on the request of NOTWINC for an adjustment to the **stabling and vanning percentage that is withheld from the northern thoroughbred and fair off-track handle.**
9. Report by representatives from Hollywood Park and Bay Meadows **regarding the results of the experimental temporary suspension of CHRB Rule 1606, Coupling of Horses, at their concluded 2006 Spring Race Meetings.**
10. Public hearing by the Board on the adoption of the following actions:
  - A. **Repeal** of CHRB Rule 1606, Coupling of Horses, and CHRB Rule 1974, Wagering Interest.
  - B. **Proposed amendment** of CHRB Rule 1420, Definitions; Rule 1954.1, Parlay Wagering on Win, Place or Show; Rule 1957, Daily Double; Rule 1959, Special Quinella (Exacta); Rule 1976, Unlimited Sweepstakes; Rule 1976.8, Place Pick (n); Rule 1976.9, Pick (n) Pool; Rule 1977, Pick Three; Rule 1978, Select Four; Rule 1979, Trifecta; and Rule 1979.1, Superfecta.
11. Staff presentation on the **monthly statistical report**, which includes 2005 vs. 2006 comparison for monthly and year-to-date handle, purses, track commission and attendance information.
12. Discussion on **Senate Bill 746 (Vincent)**, to require a written agreement between quarter horse and harness associations to include impact fees to accept satellite wagering signals.
13. Staff report on following concluded race meets:
  - A. **Hollywood Park Racing Association, LLC** at Hollywood Park from April 26 through July 16, 2006.
  - B. **Alameda County Fair** at Pleasanton from June 28 through July 9, 2006.
  - C. **Solano County Fair** at Vallejo from July 12 through July 24, 2006.

### **Committee Reports**

14. Report of the **Medication Committee**  
Commissioner William A. Bianco, Chairman  
Commissioner John Harris, Member  
Chairman Richard B. Shapiro, Member

### **Other Business**

15. **General Business:** Communications, reports, requests for future actions of the Board.  
**Note:** Persons addressing the Board under this item will be restricted to **five (5) minutes** for their presentation.

16. **Old Business:** Issues that may be raised for discussion purposes only, which have already been brought before the Board. **Note:** Persons addressing the Board under this item will be restricted to **five (5) minutes** for their presentation.
17. **Executive Session:** For the purpose of receiving advice from counsel, considering pending litigation, reaching decisions on administrative licensing and disciplinary hearings, and personnel matters, as authorized by Section 11126 of the Government Code.
  - A. Personnel
  - B. Board may convene an Executive Session to consider any of the attached pending litigation.
  - C. The Board may also convene an Executive Session to consider any of the attached pending administrative licensing and disciplinary hearings.

Additional information regarding this meeting may be obtained from the CHRB Administrative Office, 1010 Hurley Way, Suite 300, Sacramento, CA 95825; telephone (916) 263-6000; fax (916) 263-6042. ### **MINUTES**

---

Chairman Shapiro asked for approval of the minutes of the Regular Meeting of June 22, 2006.

Commissioner Bianco **motioned** to approve the minutes. Commissioner Moss **seconded** the motion, which was **unanimously carried**.

### **DISCUSSION AND ACTION BY THE BOARD ON THE APPLICATION FOR LICENSE TO CONDUCT A HORSE RACING MEETING OF THE LOS ANGELES COUNTY FAIR (F) AT FAIRPLEX, COMMENCING SEPTEMBER 8 THROUGH SEPTEMBER 25, 2006, INCLUSIVE.**

---

Jacqueline Wagner, CHRB staff, said the Los Angeles County Fair at Fairplex (LACF) proposed to run 16 days, the same number of days as in 2005, for a total of 201 races, six more than in 2005. Ms. Wagner stated LACF would run concurrently with Pacific Racing Association. The first post time would be 1:00 p.m. Monday, Wednesday and Thursday, and 12:00 p.m. Friday, Saturday and Sunday. She said the application was complete and staff recommended the Board approve it as presented. Chairman Shapiro asked if LACF had an agreement in place regarding TC02 testing that would allow the association to place the horses

**Proceedings of the Regular Board Meeting of July 20, 2006**

2

of any trainer with a positive in a detention barn immediately upon the finding. Jim Henwood of LACF said there was such an agreement. Commissioner Harris asked how that would affect horses stabled at Hollywood Park or Santa Anita. Mr. Henwood said the horses would have to ship into LACF and be placed in a detention barn. Chairman Shapiro commented he noted a projected increase in handle and purse generation of \$300,000. He asked where the extra money was coming from. George Bradvica of LACF said the 2005 meeting was very successful, so the 2006 purses could be increased. Commissioner Shapiro stated he understood LACF would have cameras and surveillance for all horses that qualify for stakes races. He asked if that was in excess of \$100,000 or graded stakes. Mr. Bradvica stated LACF did not have graded stakes and would not have camera surveillance at stakes races, but LACF would have camera surveillance in its detention barn. Chairman Shapiro asked how it was determined that stakes surveillance would be limited to graded stakes. Drew Couto of Thoroughbred Owners of California (TOC) said the tightened surveillance requirements originated in the graded stakes committee. In California, the industry met and formulated the current program. Chairman Shapiro stated there would be four stakes over \$100,000. He asked if they did not warrant video surveillance, whether or not they were graded stakes. Mr. Couto said TOC believed surveillance was a prudent step and would support it. Mr. Bradvica said LACF could make such surveillance available. Mr. Couto stated all the Northern California stakes of \$100,000 or more had surveillance and video cameras. Chairman Shapiro said he was looking for uniformity and if the north was providing surveillance it should be done throughout the State. Chairman Shapiro added he would ask LACF to employ video surveillance for all races of \$100,000 or more. Mr. Bradvica said there would be five races

**Proceedings of the Regular Board Meeting of July 20, 2006**

that fell within the criteria, and surveillance would be provided. Commissioner Amerman asked what LACF was doing differently in 2006 with regards to advertising and promotions. Mr. Bradvica said LACF was making a big effort to increase group sales. He stated LACF had an area for group sales that could host up to 4,000 persons during the course of its meeting. In addition, LACF was doing something similar in the box seat section with Top of The Park Terrace. LACF was continuing to look at new eateries and places where patrons could socialize with food and beverages. Mr. Bradvica said LACF was also working on cultural lifestyle events that created dynamic situations in the grandstand. In 2005 LACF used poker and bingo, which created a lot of excitement in the grandstand. In 2006 LACF would use dominos. Commissioner Amerman asked how LACF's advertising budget for 2006 compared to 2005. Mr. Henwood said LACF operated a bit differently as it had a fair component. The challenge was not about attendance, it was bringing the fair attendance to the race meeting. Mr. Henwood stated LACF's 2005 direct advertising budget was about a million dollars, but in 2006 that number increased by \$300,000. LACF was working to get people in the Southern California marketplace focused on the fair. Once at the fair, attendees were directed into the racing facility in different ways. Commissioner Harris **motioned** to approve the application to run a horse racing meeting of LACF. Commissioner Amerman **seconded** the motion, which was **unanimously carried**. Jerry Jamgotchian, a horse owner, spoke about his concerns regarding video surveillance and Coggin's tests.

**Proceedings of the Regular Board Meeting of July 20, 2006****DISCUSSION AND ACTION BY THE BOARD ON THE APPLICATION FOR LICENSE TO CONDUCT A HORSE RACING MEETING OF THE PACIFIC RACING ASSOCIATION (T) AT GOLDEN GATE FIELDS, COMMENCING AUGUST 24 THROUGH OCTOBER 15, 2006, INCLUSIVE.**

---

Jacqueline Wagner, CHRB staff, said the Pacific Racing Association (PRA) proposed to run 36 days for a total of 307 races. Ms. Wagner said the total number of races equated to 8.5 races per day as compared to 8.4 races per day in 2005. The allocated opening date for PRA was August 24; however, PRA proposed to open on August 25, 2006. PRA would run concurrently with Del Mar, the Los Angeles County Fair, Oak Tree Racing Association and the Fresno Fair. Until September 6, the first post time would be 1:45 p.m. From September 8 until October 15, the first post time would be 12:45 p.m. Ms. Wagner stated the application was complete and staff recommended the Board approve it as presented. Chairman Shapiro asked if PRA had a provision in its horsemen's agreement that would require a detention barn for the horses of any trainer with a TC02 positive. Robert Hartman of PRA said there was such an agreement. Chairman Shapiro asked which entities would provide advance deposit wagering (ADW) services. Mr. Hartman stated Express Bet and YouBet would provide ADW, and added the agreements were in place with the horsemen. Chairman Shapiro said he noticed the application had a difference in the purse distribution versus the 2005 purses. He asked if the change in the calendar was the reason for the difference. Mr. Hartman stated that was an issue never faced by Golden Gate Fields, so the figures from the February 2006 to May 2006 meeting were used. He added the difference in days was significant, so there was no applicable comparison. Chairman Shapiro asked how the separate pools listed in the secondary pari-mutuel organization list generated funds for purses to the benefit of California. Andy Kure of Magna Entertainment (MEC) said the separate pools paid a flat fee, or a percentage of

**Proceedings of the Regular Board Meeting of July 20, 2006**

5

handle for the signal. Chairman Shapiro asked if anyone had looked at the separate pools to ensure the signal was not being used for illegal purposes. Mr. Kure stated MEC did not know if the signals were being pirated. Peter Tunney of PRA said the Board historically vetted the out-of-state and out-of-country locations. Chairman Shapiro asked Mr. Kure to explain how a flat fee was charged. Mr. Kure stated MEC charged 3.5 percent of the estimated handle on a per-day basis. He said Canadian entities provided actual pari-mutuel figures and were charged a flat percentage. Chairman Shapiro asked if the Mexican entities provided pari-mutuel figures. Mr. Kure said they did not. Instead, MEC tried to raise its fees annually - until it got resistance. Commissioner Shapiro said MEC had the ability to cut off the signal and could demand to see the pari-mutuel figures. Mr. Kure said MEC could cut off the signal, but it would take cutting the signal for all of California racing to be effective. Commissioner Harris said the Mexican entities could conduct business without MEC's cooperation, as they were basically bookmakers. Mr. Kure said that was correct; the signal was available through TVG or HRTV. Chairman Shapiro stated he did not want to focus on one location. He said there were a lot of separate pools, and the Board was being asked to approve license applications approving them when he was not sure due diligence had been done. Chairman Shapiro stated he had approached Racing Commissioners International about forming a unit to conduct such diligence because individual States were not able to do it on their own. He added he was concerned that the industry was not seeing its full benefit from such entities. Chairman Shapiro asked if the five-sixteenth-pole camera would be installed. Mr. Hartman said it would be installed. Commissioner Harris stated he thought MEC's guarantee regarding the operation of Golden Gate Fields should be for as long as they own it rather than for the duration of the

**Proceedings of the Regular Board Meeting of July 20, 2006**

meeting. In addition, it should be understood the guarantee was not conditional. Chairman Shapiro asked if the ongoing renovations to the barn area meant two new barns were built, or two barns were renovated. Mr. Hartman said MEC had a “two-new-barn” program in which two new barns were done before each meeting. He stated it was a continuation of the \$5 million infusion of funds for changes and improvements to the grounds, which began when MEC bought Golden Gate Fields in 1999. Chairman Shapiro asked Mr. Hartman to explain PRA’s advertising campaign for the meeting. Mr. Hartman said the major challenge would be the change in dates. Since opening in 1941, Golden Gate Fields had not run in September. That meant a vigorous advertising campaign would commence prior to the meeting. Mr. Hartman stated the opening dates coincided with the start of the college year, so PRA had a strong college program. At U.C. Berkeley there would be an on-campus effort including free admission and discounts on food. PRA was also working with other universities in the area. Commissioner Amerman commented that August through October were ideal months for racing at Golden Gate Fields, as the weather was beautiful. He stated Kneeland also reached out to colleges, and it offered scholarships based on number of attendees. Commissioner Amerman asked how PRA determined its purse numbers. The numbers were dramatically down, and there were not many stakes races. He added unless PRA started thinking positively, it would continue on a downward drift. Mr. Hartman said one reason for the lower purse numbers was the number of days. Commissioner Amerman said the number of days were down by 46 percent versus stakes races down 66 percent and purses down approximately 40 percent. He stated it seemed to him PRA would try to do a little better when it had the best time of year to be racing in Northern California. Mr. Hartman said the unfortunate thing

about the time of year was that it came at the end of the fair meetings, which took a toll on the horse population and made filling races difficult. He stated he agreed with Commissioner Amerman that the dates should be strong, but historically they were not. When Bay Meadows ran in August through October it had difficulty. Mr. Hartman said PRA worked its numbers based on Bay Meadows past performance. Commissioner Amerman said he hoped PRA would work to beat its numbers because he believed they were imminently achievable and could be exceeded. Mr. Hartman stated PRA would work towards higher numbers. He thanked Commissioner Amerman for his comments on the scholarship program, as he thought it was a tremendous idea. Commissioner Harris **motioned** to approve the application for license to conduct a horse racing meeting of PRA. Commissioner Moss **seconded** the motion, which was **unanimously carried**.

**REPORT FROM RACING ASSOCIATIONS ON THEIR EFFORTS AND PLANS TO INSTALL NEW TOTALIZATOR TECHNOLOGY AT THE RACETRACKS GIVEN THE NUMEROUS PROBLEMS AND DELAYS AND FAILURES.**

---

Tom Varela of Southern California Off-Track Wagering, Inc. said the request for proposal (RFP) process was in motion. In the mean time, an extension of the current contract was enacted after consultation with the totalizator companies. Chairman Shapiro said the Board heard the same discussion in 2005 and he did not understand why nothing had happened. He stated it was a disservice to the fans, and on-track wagering was not being maximized. Chairman Shapiro said he did not want to see the issue drag-on with an RFP process that would take months, with more discussions, and still not produce new equipment at the racetracks. Craig Fravel of Del Mar Thoroughbred Club (DMTC) said the Opera Glass

**Proceedings of the Regular Board Meeting of July 20, 2006**

company was working with the California Marketing Committee (CMC) and the Del Mar Surfside Race Place to test Opera Glass technology. Sixteen fixed touch-screen units were being installed in the VIP suites and at least 20 hand-held units would also be available for testing. Mr. Fravel said the CMC approved funding for software development to integrate the system with Scientific Games. He added close to \$85,000 worth of wireless infrastructure was installed in DMTC's grandstands so the tests could be conducted. The technology would eventually allow patrons to wager, order food and beverages and access wagering websites for handicapping and other information. Mr. Fravel stated the hand-held units would have live video streamed over the wireless service. He said the industry was working together, and the CMC was funding the software development to coordinate the system, which would be implemented statewide if it proved satisfactory to patrons. Chairman Shapiro said he appreciated the development, but the Opera Glass technology was only one segment of the equation. He stated he visited Keenland and saw new tote equipment that was more efficient and fan friendly and that encouraged patrons to wager more. Chairman Shapiro said 16 months later he still did not know how long before California tracks would have a new tote system. Mr. Fravel said once a selection was made through the RFP process the tote company had to build the machines. In addition, if a different provider were selected, the infrastructure would have to be redone. He stated the RFP would be completed within the next three months, and a decision would be made within another three months, then it would take at least nine months to install a new system. Mr. Fravel said the change would take a lot of planning and effort - including physical changes to facilities and training of mutuel clerks. Commissioner Amerman asked if the industry was working together, or was Mr. Fravel

**Proceedings of the Regular Board Meeting of July 20, 2006**

9

speaking only for DMTC? Mr. Fravel stated there was a working committee of the Federation of California Racing Associations with representation from the horsemen to put together the terms of the RFP. The RFP would be ready for review in a couple of weeks, and would be distributed as soon as the industry signed off on it. Chairman Shapiro stated he was aware of problems with betting slips being read improperly. He asked if the problem had been resolved. Richard Castro of the Pari-mutuel Employee's Guild (Guild) said he had several conversations with the tote company regarding more than one problem. He stated the issues were being worked out, and suggested the conversations be kept between the Guild and the tote companies. If there were any difficulties, the Guild would bring them to the Board. Jerry Jamgotchian, a horse owner, spoke about his concerns regarding new totalizator equipment. Terry McWilliams of Scientific Games said he understood the Board's frustration with the tote equipment, however, he stated the equipment was not obsolete. Mr. McWilliams discussed several types of hand-held wagering devices, and stated they were ready to be deployed, but were being held back until after opening day at DMTC. Chairman Shapiro said the Board was glad to hear such equipment was available. If patrons did not have to get up from their tables to stand in line and make a wager, the handle would increase and there would be better customer service. Mr. McWilliams said the extension of its contract stipulated Scientific Game's new line of terminals would be deployed. He stated that would take place in Northern and Southern California in the fall.

**DISCUSSION AND ACTION BY THE BOARD ON THE PROPOSED AMENDMENT TO CHRB RULE 1536, STEWARDS' MINUTES, TO REQUIRE STEWARDS TO REPORT JOCKEY INJURIES TO SPECIFIED PARTIES, PURSUANT TO AB 1180.**

---

Jacqueline Wagner, CHRB staff, said the proposed amendment to Board Rule 1536, Stewards' Minutes, would require the board of stewards to investigate and prepare a report regarding accidents that involve jockeys that occur during the performance of their duties. The proposed amendment, which would bring the regulation into compliance with Assembly Bill 1180, would require that a report on all track accidents involving jockeys be attached to the stewards' minutes and forwarded to interested parties as defined in the regulation. Those parties would include the jockey, the jockey's representative, the Jockey's Guild, and the owner and the trainer of the horse the jockey was riding at the time of the accident. Ms. Wagner stated staff recommended the Board direct staff to initiate a 45-day public comment period. Chairman Shapiro said he believed drivers should be added to the amendment. Ms. Wagner said staff could make such a change. Commissioner Harris said he was not clear how the Board examined jockeys that were returning to work. Executive Director Ingrid Fermin said jockeys were required to have a medical examination before returning to work. A personal physician conducted the examination or a physician assigned by the track. A signed release would be turned into the Board after the examination. Commissioner Amerman **motioned** to notice the proposed amendment to Rule 1536 for a 45-day public comment period. Commissioner Harris **seconded** the motion, which was **unanimously carried**.

**DISCUSSION AND ACTION BY THE BOARD ON THE PROPOSED ADDITION OF RULE 1689.2, SAFETY REINS REQUIRED, TO REQUIRE THE USE OF SAFETY REINS, PURSUANT TO AB 1180.**

---

Mike Martin, CHRB staff, said Assembly Bill 1180 required the Board to consider whether safety reins would provide jockeys and drivers greater protection. Mr. Martin said the safety rein was basically a rein within a rein: a typical leather rein with a nylon cord with metal clasps at either end stitched inside. The metal clasps would hook to the ring above the bridal, so they were hooked to the bridal independent of the leather. If the leather broke, the nylon would continue to give the jockey or driver control of the horse. Mr. Martin showed a DVD of various incidents involving broken leather reins. Mr. Art Gray, the inventor of the safety rein, provided commentary on the incidents shown in the DVD. He then discussed his experience with horse racing and how and why he developed the safety rein concept. Mr. Gray said the reins were developed for safety, not profit, so no company would have exclusive manufacturing rights to the reins. The cost for the safety rein materials was around \$5, and the patent fee would be \$3 to \$5. With labor, the total cost of reins would increase between 20 percent and 25 percent. Mr. Martin stated he spoke with a company that provides the majority of reins in California and received an estimate of an additional \$10 to \$15, plus the patent fee, to manufacture safety reins. Mr. Martin added the main concern of the manufacturer, as well as the research laboratory that tested the reins, was the metal buckle that attached to the rein above the bridle. Mr. Martin said he spoke to industry representatives who did not seem to have any objections to the reins. The California Thoroughbred Trainers stated they would like to see an 18-month introductory period for the reins so trainers would not be forced to replace existing reins immediately. He stated the California Harness Horsemen's Association (CHHA)

**Proceedings of the Regular Board Meeting of July 20, 2006**

12

indicated its horsemen were opposed to the regulation. The CHHA pointed out that in a thousand races per year a driver's reins rarely broke. In addition the cost was not trivial to some of the harness horsemen. Mr. Gray said he agreed that there should be a period of time before the reins were mandatory. If the Board granted a grace period of 15 months to a year it would give trainers time to replace worn equipment with safety reins. Darrell Haire of the Jockey's Guild said his organization strongly supported the proposed regulation. Chairman Shapiro asked what would happen if the rider fell off the horse and the reins made their way over the horse's head; would that be catastrophic for the horse? Mr. Gray said the nylon cable added 30 to 40 pounds more strength to the rein, so the rein would give. He stated he did not design the safety rein to make reins stronger; instead, they simply enabled the jockey or driver to maintain control of the horse if the leather reins broke. John Sharriffs, a trainer, said one of the reasons trainers liked leather reins is that they would break if a jockey became hung up in them. If the safety rein did not break it could cause real problems. Chairman Shapiro asked if Mr. Gray had data regarding when the safety reins would break. Mr. Gray stated the data indicated the reins would break at around 420 pounds. He said the breaking point was the same as leather reins, which would also break at 420 pounds. Commissioner Harris **motioned** to direct staff to initiate a 45-day public comment period regarding the proposed addition of Board Rule 1689.2. Commissioner Amerman **seconded** the motion, which was **unanimously carried**.

**DISCUSSION AND ACTION BY THE BOARD ON THE PROPOSED AMENDMENT TO CHRB RULE 1689.1, SAFETY VEST REQUIRED, TO REVISE THE CURRENT CRITERIA FOR SAFETY VESTS WORN BY CALIFORNIA JOCKEYS.**

---

Jacqueline Wagner, CHRB staff, said Board Rule 1689.1, Safety Vest Required, provided that jockeys and apprentice jockeys must wear a safety vest when riding in a race. In addition, the rule required jockeys, apprentice jockeys and exercise riders to wear safety vests when they trained or exercised any horse on the grounds of a racing association or a racing fair. Ms. Wagner stated the rule listed the standards for an acceptable vest, which was the British Equestrian Trade Association (BETA) level five. The BETA standard was revised to a level one, which required that the regulation be amended to reflect the correct standard. In addition, the Jockey's Guild asked that the American Society of Testing Materials Standard (ASTM) also be included as an acceptable vest. The ASTM F1937-4 level was the equivalent of the BETA level one. The addition of the ASTM standard would allow for a greater selection in the safety vests. Ms. Wagner stated staff recommended the Board direct staff to initiate a 45-day public comment period. Commissioner Moss **motioned** to direct staff to initiate a 45-day public comment period regarding the proposed amendment to Board Rule 1689.1. Commissioner Amerman **seconded** the motion, which was **unanimously carried**.

**DISCUSSION AND ACTION BY THE BOARD ON THE PROPOSED AMENDMENT TO CHRB RULE 1969, WAGERING PROHIBITED, TO ADD SPECIFIED LICENSEES TO THE LIST OF THOSE PRECLUDED FROM WAGERING WHILE ON DUTY.**

---

Jacqueline Wagner, CHRB staff, said the proposal to amend Board Rule 1969, Wagering Prohibited, was discussed at the March 2006 and April 2006 Regular Board Meetings. At the

March meeting questions were raised regarding the need to include certain classes of licensees in the regulation. Ms. Wagner stated the proposed amendment would add security staff, valets, and jockey and driver room attendants to the list of licensees precluded from wagering while on duty. She said security staff was added, as they were often responsible for monitoring the stalls of horses entered to race. Valets and jockey and driver room attendants were added, as they had the ability to place wagers for jockeys and drivers. Pari-mutuel employees were deleted from the regulation; however, the Pari-mutuel Employee's Guild (Guild) requested that such employees not be deleted. Chairman Shapiro said at the April 2006 Regular Board Meeting the Guild requested its members be exempt from the regulation, he asked what had changed. Douglas Kempt of the Guild said his organization concluded it was in its best interest to keep pari-mutuel employees in the regulation. Chairman Shapiro said the item would be **deferred**.

**HEARING BY THE BOARD ON THE ADOPTION OF THE PROPOSED AMENDMENT TO CHRB RULE 1690.1, TOE GRABS PROHIBITED, TO INCREASE THE MINIMUM HEIGHT OF TOE GRABS ON THE FRONT SHOES OF THOROUGHBRED HORSES TO FIVE MILLIMETERS.**

---

Jacqueline Wagner, CHRB staff, said Rule 1690.1, Toe Grabs Prohibited, was added in February 2006. The regulation prohibited the use of toe grabs over four millimeters in height on thoroughbred horses in a race. After the regulation was effective, it became evident that few manufacturers actually produced toe grabs less than four millimeters. Additionally, shoes with jar calks could include toe grabs with a height greater than four millimeters. The proposed amendment to Rule 1690.1 would increase the minimum height of toe grabs to five millimeters, and would allow thoroughbreds to wear shoes with jar calks that include toe grabs

**Proceedings of the Regular Board Meeting of July 20, 2006**

with a height greater than five millimeters when the track is officially labeled as anything other than fast. Ms. Wagner said staff did not receive any comments during the 45-day public comment period, and staff recommended the Board adopt the amendment as presented. Chairman Shapiro said he questioned the need to take action, as it did not appear many trainers were using higher toe grabs. In addition, there were no studies regarding synthetic surfaces. Commissioner Harris said the issue was studied for many years, with the conclusion that there were some detrimental effects associated with the higher toe grabs. Chairman Shapiro said he spoke to the horseshoe inspector who reported he was not seeing the higher toe grabs. In light of the pending change in surfaces, Chairman Shapiro stated he was concerned the Board was taking an action it did not need. Commissioner Harris said he would rather see the item tabled and discussed at a future meeting. Perhaps that would provide time for further research. Chairman Shapiro said the item could be tabled until information regarding synthetic racing surfaces could be considered. Commissioner Harris **motioned** to table the proposed amendment to Board Rule 1690.1. Commissioner Moss **seconded** the motion, which was **unanimously carried**.

**HEARING BY THE BOARD ON THE ADOPTION OF THE PROPOSED AMENDMENT TO CHRB RULE 1976.8, PLACE PICK (N), TO REQUIRE NOTIFICATION OF SURFACE CHANGE PRIOR TO CLOSE OF THE PLACE PICK (N) POOL.**

---

Jacqueline Wagner, CHRB staff, said in August 2005 Board Rule 1979, Pick (n) Pool, was amended to provide that if the racing surface changed from turf to dirt, or dirt to turf, in any race of a pick (n) wager, and such change was not announced before the close of the pick (n) pool, all wagers on the race would be considered winning wagers for the purposes of the pick

(n). It was subsequently determined that the provisions of the amendment to Rule 1979 could be applied to Board Rule 1976.8, Place Pick (n). Ms. Wagner said the proposed amendment to Rule 1976.8 would apply the provisions of Rule 1979 regarding surface changes. Staff received no comments during the 45-day public comment period, and staff recommended the Board adopt the amendment to Rule 1976.8 as presented. Commissioner Harris **motioned** to adopt the amendment to Rule 1976.8. Commissioner Moss **seconded** the motion, which was **unanimously carried**.

**DISCUSSION AND ACTION BY THE BOARD ON THE PROPOSED AMENDMENT TO CHRB RULE 1433, APPLICATION FOR LICENSE TO CONDUCT A HORSE RACING MEETING, TO REQUIRE ASSOCIATIONS, UPON INSTALLATION OF A SYNTHETIC TRACK SURFACE, TO SUBMIT CERTIFICATION THAT A DRAINAGE SYSTEM, SUITABLE FOR THE TYPE OF SURFACE HAS ALSO BEEN INSTALLED.**

Jacqueline Wagner, CHRB staff, said in May 2006 the Board adopted a regulation requiring certain thoroughbred tracks to install synthetic type racing surfaces not later than January 1, 2008. At the June 2006 Regular Board Meeting the issue of drainage systems for synthetic racetracks was discussed. Industry representatives suggested the issue could be addressed by amending Rule 1433, Application for License to Conduct a Horse Racing Meeting. Ms. Wagner stated the proposed amendment to Board Rule 1433 would require that a racing association that installed a synthetic racing surface must stipulate in its application for license that proper drainage was installed with the synthetic surface. In addition, the association would have to submit supporting documentation with its license application. Ms. Wagner said staff recommended the Board instruct staff to initiate a 45-day public comment period. Commissioner Moss asked who would determine what proper drainage was. Chairman

Shapiro said the Board was not instituting any criteria regarding proper drainage, as it did not have the expertise. However, the Board wanted to make sure there was a system in place that was adequate, and that the manufacturer certify the system. Deputy Attorney General Derry Knight stated the proposed amendment required certification of the drainage system from an independent consulting engineer. Commissioner Amerman said there were different types of synthetic racing surfaces, but they seemed to be generically called "poly-track." He stated he assumed the different types of tracks would vary, and one of the ideals was surfaces that were compatible from track to track. He said organic dirt tracks currently varied; would the same thing happen with synthetic surfaces? Chairman Shapiro said the tracks probably would vary. However, the Board did not have the authority to - or should - recommend a specific vendor. So, all of the vendors were invited to make presentations to the industry. Chairman Shapiro stated the different synthetic tracks seemed to have the same materials, only in different quantities, and they all incorporated a similar drainage system. Organic dirt tracks varied because of climate and conditions, so would synthetic tracks. Commissioner Amerman said he agreed. However, he wanted to know if the various types of synthetic tracks met the parameters of what the Board was trying to accomplish with such track surfaces. He stated he wanted to make sure the tracks would solve the issues before they were installed because they represented a big investment. Chairman Shapiro said he agreed, but he did not think the Board knew exactly how to answer the question, nor did the tracks. Each track would be different because they would be tailored to meet the needs of the unique circumstances of the location. Santa Anita would have to deal with heat variation, whereas Del Mar or Hollywood Park would not have the same considerations. The common dominator was

that each was a system that included drainage, a base and the top surface, which could be customized. Jerry Jamgotchian, a horse owner, spoke about his concerns regarding the certification of synthetic racetrack surface drainage systems, and the possibility that owners would be charged a daily fee in the off-meet to train on synthetic surfaces. Chairman Shapiro **motioned** to instruct staff to initiate a 45-day public comment period. Commissioner Amerman **seconded** the motion, which was **unanimously carried**.

**STAFF PRESENTATION ON THE MONTHLY STATISTICAL REPORT: WHICH INCLUDES YEAR-TO-DATE HANDLE AND ATTENDANCE INFORMATION.**

Ysanne Rarick, CHRB staff, said the report made comparisons between June 2005 and June 2006, with a monthly and a cumulative summary. Ms. Rarick added the report also included changes requested at the June 2006 Regular Board Meeting. Chairman Shapiro said it looked like attendance was down statewide, and the harness and quarter horse figures showed a slight increase. He stated he would encourage all Board members to provide input regarding the content of the report so a meaningful look at the direction the industry was taking could be had.

**DISCUSSION AND ACTION BY THE BOARD ON THE REQUEST FROM THE CALIFORNIA AUTHORITY OF RACING FAIRS FOR THE TEMPORARY SUSPENSION OF CHRB RULE 1606, COUPLING OF HORSES, FOR THE NORTHERN CALIFORNIA FAIR MEETS.**

Jacqueline Wagner, CHRB staff, said the California Authority of Racing Fairs (CARF) requested a temporary suspension of Rule 1606, Coupling of Horses. Ms. Wagner stated in May 2006 the Board temporarily waived Rule 1606 for the Hollywood Park and Bay Meadows

race meetings. At the June 2006 Regular Board Meeting the rule was temporarily waived for Los Alamitos Race Course. Chairman Shapiro said the waiver of Rule 1606 was an experiment. He stated he did not want to place any entity at a disadvantage, but the experiment was becoming industry-wide. Chairman Shapiro said racing associations had been able – in the past – to request a waiver of Rule 1606 for a particular race. He stated although he would prefer the experiment not be extended to the racing fairs, perhaps the fairs could request waivers for specific races if the conditions of the experimental waiver were followed. Deputy Attorney General Derry Knight suggested the Board delegate authority to grant waivers of Rule 1606 to its Executive Director. Jerry Jamgotchian, a horse owner, spoke about his concerns regarding uncoupling horses. Chairman Shapiro **motioned** to allow the Executive Director to grant temporary waivers to racing fairs on a case-by case basis for stakes and other races. Commissioner Amerman **seconded** the motion, which was **unanimously carried**.

**DISCUSSION AND ACTION BY THE BOARD ON THE NOMINATION OF MEMBERS TO THE BOARD OF DIRECTORS OF THE CALIFORNIA THOROUGHBRED HORSEMEN'S FOUNDATION, INC.**

---

Jacqueline Wagner, CHRB staff, said the California Thoroughbred Horsemen's Foundation (CTHF) was requesting approval of its four nominees for its board of directors. Ms. Wagner stated the nominees were: Mr. Robert Fein; Barbara Scurfield; Dr. Randall Browning and Dr. Rick Arthur. She stated staff recommended the Board approve the request. Commissioner Harris **motioned** to approve the request of the CTHF to approve the nominations of members of its board of directors. Commissioner Amerman **seconded** the motion, which was **unanimously carried**.

**DISCUSSION AND ACTION BY THE BOARD ON THE REQUEST OF THE PACIFIC RACING ASSOCIATION TO DISTRIBUTE CHARITY RACING PROCEEDS IN THE AMOUNT OF \$53,637 TO 12 BENEFICIARIES.**

---

Jacqueline Wagner, CHRB staff, said the Pacific Racing Association (PRA) was requesting approval for distribution of its charity race day proceeds to 12 beneficiaries in the amount of \$53,637. Ms. Wagner said 76 percent of the proceeds would be distributed to industry-related organizations, and staff recommended approval of the request. Commissioner Amerman asked if there were any guidelines regarding the percentage of charity race day proceeds given to racing-related charities. Ms. Wagner said the law provided for a 50 percent minimum with regards to racing related charities. The minimum, however, was merely a guideline.

**DISCUSSION AND ACTION BY THE BOARD ON THE REQUEST OF THE LOS ANGELES TURF CLUB TO DISTRIBUTE CHARITY RACING PROCEEDS IN THE AMOUNT OF \$262,791 TO 37 BENEFICIARIES.**

---

Jacqueline Wagner, CHRB staff, said the Los Angeles Turf Club (LATC) requested approval to distribute charity race day proceeds to 37 beneficiaries in the amount of \$267,791. Ms. Wagner stated 75 percent of the funds would be distributed to racing related charities, and staff recommended approval of the request as presented. Ron Charles of LATC stated LATC and Golden Gate Fields were donating older equipment to farms that were working with retired horses; he added that if any racetracks had excess equipment some of the farms could use such donations. Commissioner Amerman said he was on the board of several such farms and stated the farms deeply appreciated the help they received from the industry.

**DISCUSSION AND ACTION REGARDING THE DEVELOPMENT OF A CONFLICT OF INTEREST POLICY FOR CHRB BOARD MEMBERS.**

Commissioner Harris said the issue was raised in the Legislature in 2005, but the legislation did not go through. He stated he felt a conflict of interest policy was something the Board needed, so the issue was put on the agenda to begin discussion. Chairman Shapiro said a draft conflict of interest policy could be drafted for further consideration.

**STAFF REPORT ON THE FOLLOWING CONCLUDED RACE MEET:****A. SAN JOAQUIN FAIR AT STOCKTON FROM JUNE 14 THROUGH JUNE 25, 2006.**

Ysanne Rarick, CHRB staff, said the San Joaquin Fair (SJF) ran from June 14 to June 25, for a total of ten days. Ms. Rarick said most of the numbers for the meeting were down. She stated she spoke to Forest White of SJF who stated that out of ten race days, seven were over 100 degrees, and the last four days were 105 degrees. Chairman Shapiro stated the numbers underscored the need to look at how the fairs were working within the racing business. He stated the numbers were dismal, and he understood Vallejo was not having a very good meeting as well. Chairman Shapiro said the fairs could not generate purse revenue to card races for some of the horses, and it was incumbent on the industry to look at the calendar to find ways to create combined fairs at different venues. He added he also thought the Board ought to look at what the fairs were doing to advertise themselves. Jerry Jamgotchian, a horse owner, spoke about his concerns regarding the California horse racing industry.

**Proceedings of the Regular Board Meeting of July 20, 2006****GENERAL BUSINESS**

---

Melissa Lopez, representing Caliente, said one reason her organization used a separate pool was that it was still operating with the totalizator system that was in use during the pick-six scandal of 2002, and was currently unable to connect with any U.S. systems. In addition, there were tax issues with Panama. Ms. Lopes stated Caliente sent weekly reports on the handle to each of the tracks it accepted the signal from, as well as a calendar that advised the tracks when the signal would be taken.

**Disher Accountancy Corp., 1816 Maryal Drive, Sacramento, Ca. 95864, (916) 482-4224**

**NOTICE TO APPLICANT:** All funds generated and retained from on-track pari-mutuel handle which are obligated by law for distribution in the form of purses, breeders' awards or other benefits to horsemen, **shall not** be deemed as income to the fair and **shall**, within 3 calendar days following receipt, be deposited in a segregated and separate liability account in a depository approved by the CHRB and shall be at the disposition of the Paymaster of Purses, who shall pay or distribute such funds to the persons entitled thereto. All funds generated from off-track simulcast wagering, interstate wagering, and out-of-state wagering which are obligated by law for distribution in the form of purses and breeders' awards, shall also be deposited within 3 calendar days following receipt into such liability account. In the event the fair is obligated to the payment of purses prior to those obligated amounts being retained from pari-mutuel wagering for such purpose, or as a result of overpayment of earned purses at the conclusion of the meeting, the fair shall transfer from its own funds such amounts as are necessary for the Paymaster of Purses to distribute to the horse owners statutorily or contractually entitled thereto. The fair is entitled thereafter to recover such transferred funds from the Paymaster of Purses' account; and if insufficient funds remain in the account at the conclusion of the meeting, the fair is entitled to carry forward the deficit to its next succeeding meeting as provided by B&P Code Section 19615(c) or (d). In the event of **underpayment** of purses which results in a balance remaining in the Paymaster of Purses' account at the conclusion of the meeting after

distribution of amounts due to horsemen and breeders and horsemen's organizations, the fair may carry forward the surplus amount to its next succeeding meeting; provided, however, that the amount so retained does not exceed an amount equivalent to the average daily distribution of purses and breeders' awards during the meeting. All amounts in excess shall be distributed retroactively and proportionally in the form of purses and breeders' awards to the horse owners and breeders having earned purses or awards during the conduct of the meeting.

## 6. STABLE ACCOMMODATIONS

- A. Number of usable stalls available for racehorses at the track where the meeting is held: **780**
- B. Minimum number of stalls believed necessary for the meeting: **780**
- C. Total number of usable stalls to be made available off-site at approved auxiliary stabling areas or approved training centers: **None**
- D. Name and location of each off-site auxiliary stabling area and the number of stalls to be maintained at each site: **N/A**
- E. Attach each contract or agreement between the fair and the person(s) furnishing off-site stabling accommodations for eligible racehorses that cannot be provided stabling on-site. **N/A**

Complete subsections F through H if the fair will request reimbursement for off-site stabling as provided by B&P Code Sections 19607, 19607.1, 19607.2, and 19607.3; otherwise, skip to Section 7.

- F. Total number of usable stalls made available **on-site** for the **1986** meeting: **1,037**
- G. Estimated cost to provide **off-site** stalls for this meeting. Show cost per-day per stall: **N/A**
- H. Estimated cost to provide vanning from off-site stalls for this meeting. Show fees to be paid for vanning **per-horse**: **N/A**

## 7. PARI-MUTUEL WAGERING PROGRAM

- A. Pursuant to B&P Code Section 19599, and with the approval of the CHRB, fairs may elect to offer wagering programs using CHRB Pari-mutuel Rules, the Association of Racing Commissioners International (RCI) Uniform Rules of Racing, Chapter 9, Pari-mutuel Wagering, or a combination of both. Please complete the following schedule for the types of wagering other than WPS and the minimum wager amount for each:

1. Attach a written plan for enhanced security for graded/stakes races and races of \$100,000 or more, to include the number of security guards in the restricted areas during a 24-hour period and a plan for detention barns.

**A cooperative effort by Oak Tree Racing Association, Los Angeles Turf Club, Incorporated and TOC, has created and implemented a plan for Graded/Stakes Races. Under the plan, each horse entered in a graded race is assigned a contracted security officer. Each of these officers has received training from OTRA/LATC Stable Security management, the CHRB and one or more track veterinarians. Each officer is also issued a hand-held digital video camera and a log sheet to record [in writing and electronically] all activity including persons entering the stall with the horses entered. Each security officers is briefed before starting surveillance a minimum of six (6) hours prior to the post time of the given race. OTRA/LATC also tests for carbon dioxide (TCO/2) levels of entries prior to all races.**

### 2. Detention Barns

- a. Attach a plan for use of graded stakes or overnight races.

**As indicated in Exhibit B-3-A, the Detention Barn is used when a trainer's entry tests high for carbon dioxide (TCO<sub>2</sub>). All race entries for the offending trainer must be transported to the Detention Barn by noon of the day prior to the scheduled race. In addition to the electronic surveillance as mentioned in section C1, below, a contracted security guard is then placed on duty for every 3 horses in the Detention Barn. In addition, entries for graded races that are confined to the Detention Barn receive a contracted security officer six (6) hours before post as indicated in (1) above.**

- b. Number of security guards in the detention barn area during a 24-hour period.  
**See 2-a. above.**

**2006 Testing Policy & Procedures**  
***Stall Application Supplemental Form***

Oak Tree Racing Association, in coordination with the California Horse Racing Board, is entitled to perform physiological tests consisting of the taking of blood samples from owners' horses entered in races to be conducted at the 2006 meet. It is the understanding of the parties that such samples will be tested for bicarbonate levels. Trainers of horses showing a total carbon dioxide (TCO<sub>2</sub>) of 37 millimoles per liter of plasma or more shall be subject to the following actions:

- a. **1<sup>st</sup> Offense** – For the first test that results in a total carbon dioxide (TCO<sub>2</sub>) of 37 millimoles per liter of plasma or more, the registered trainer of such horse may have his/her barn, and all owners' horses stabled therein, subject to "earned surveillance" for a period of 45 days from the date of the infraction. Such earned surveillance will be conducted at the Oak Tree Racing Association's sole discretion, and may include, but not be limited to, the placing of surveillance cameras with recording devices in any locations within that barn that Oak Tree Racing Association deems necessary and appropriate to ensure the integrity of racing. Additionally, owners' horses entered by said trainer anytime within a period of 30 days after notification of the first offense, may be subject to confinement in a detention barn beginning at noon on the day before said horse is scheduled to compete. Such detention barn will be established at management's sole discretion, with the costs of such detention/surveillance including, but not limited to, \$150.00 for security and \$25.00 for stall renovation per horse/entrant, being borne by the trainer or owner of such horse.
- b. **2<sup>nd</sup> Offense** – For the second test that results in a total carbon dioxide (TCO<sub>2</sub>) of 37 millimoles per liter of plasma or more, the registered trainer of such horse shall be prohibited from entering any owners' horse within his care in a race for a period of 15 race days.
- c. **3<sup>rd</sup> Offense** – For the third test that results in a total carbon dioxide (TCO<sub>2</sub>) of 37 millimoles per liter of plasma or more, the registered trainer of such horse shall be expelled from Oak Tree Racing Association's grounds for a period of one year, and shall further be precluded from entering any owners' horses within his care for the balance of Oak Tree Racing Association's 2005 meet.

My signature below indicates that I have read the above policy and understand the consequences if a horse under my care tests positive.

Date:

- c. Describe number and location of surveillance cameras in detention barn area.

**OTRA/LATC utilizes several cameras at various locations in the stable area. Each camera has the ability to pan, tilt and zoom remotely. Images from these cameras are recorded on hard disk drives and are stored for approximately three (3) weeks. Control of these cameras is available via computer to various managers on the property.**

### 3. TCO2 Testing

- a. Number of races to be tested, and number of horses entered in each race to be tested.

**See Exhibit B-3-a. Attached.**

- b. Plan for enhanced surveillance for trainers with high-test results.

**See 2-a above and Exhibit B-3-a. Attached.**

- c. Plan for detention barns for repeat offenders.

**See Exhibit B-3-a. Attached.**

- d. Number of security personnel assigned to the TCO2 program.

**Two security officers from Stable Security are assigned to pick-up the samples, which are secured in a locked container, after the final testing on each Sunday and secure the samples in a refrigerated and locked storage area. The following Monday, two security officers from Stable Security retrieve the samples and send them via Federal Express to the testing facility. The officers, on both days, log and sign in and out the samples as well as have Fed Ex sign for receipt of the samples. This procedure is used to protect the integrity of the chain of evidence. During the rest of the week, the vet and his/her personnel in the Receiving Barn handle this procedure.**

### C. Describe the electronic security system:

**Electronic security system consists of video cameras with the ability to pan, tilt and zoom remotely. Camera monitors and control points are managed from secure locations. Video recordings are maintained on hard drives.**

1. Location and number of video surveillance cameras for the detention barn and stable gate.

**OTRA/LATC operates a detention barn located at Barn 121, stalls 9, 10, 11, 12, 12A, 14, 20 and 21 with each having a camera installed offering a wide angle view of the entire stall. In addition, on the outside of stalls 4, 7, 12A and 14, cameras have been installed offering wide-angle views of the shed row from both directions. The stable gates are included with the cameras mentioned in question 2-C above, and all of these cameras are controlled by the same measures.**

STAFF ANALYSIS  
PROPOSED AMENDMENT OF  
RULE 1486. TERM OF LICENSE

Regular Board Meeting  
August 17, 2006

BACKGROUND

Business and Professions (B&P) Code Section 19440 provides the Board shall license all persons, other than the public at large, who participate in a horse racing meeting with pari-mutuel wagering. B&P Code Section 19510 states no person required to be licensed may participate in any capacity in any horse race meeting without a valid and unrevoked license. B&P Code Section 19520 states every person not required to be licensed under Article 4 who participates in, or has anything to do with, the racing of horses shall be licensed by the Board pursuant to the rules and regulations the Board may adopt. B&P Code Section 19521 provides that an original license issued pursuant to this article shall be issued for a period of the calendar year in which it is issued, and shall be renewable for a period, not to exceed three years, which the Board may, by regulation, establish. B&P Code Section 19704 states the Board shall issue licenses for mule racing. The license shall be limited to mule races only. Under Board Rule 1486, Term of License, every original and renewal of occupational licenses for grooms, stable employees, stable assistants and mule racing participants expire in the calendar year in which they were issued. This has traditionally caused delays at Board licensing offices in the months of December and January, as large numbers of persons attempt to renew their occupational licenses. The issue was discussed at the May 2006 Regular Board Meeting.

ANALYSIS

The proposed amendment to Rule 1486 provides that every original occupational license as groom, stable employee, stable assistant and mule racing participant shall expire on the last day of the calendar year in which it is issued. This is in keeping with the provisions of B&P Code Section 19521, which states every original license shall be issued for a period of the calendar year in which it is issued. In addition, the proposed amendment states that such original license for groom, stable employee, stable assistant and mule racing participant shall automatically be extended to expire on the last day of the birth month of the licensee. The licenses shall thereafter expire on the last day of the birth month of the licensee on an annual basis. Automatically extending the license, and thereafter having the license expire on the last day of the birth month of the licensee, will cause the expiration date of such licenses to be spread over a twelve-month period, and alleviate the annual December license renewal backlog.

**RECOMMENDATION**

No comments were received during the 45-day public comment period.  
Staff recommends the Board the amendment to Rule 1486 as presented.

STAFF ANALYSIS  
PROPOSED AMENDMENT OF  
RULE 1544. CALLING OFF RACE  
AND  
RULE 1658 VESTING TITLE TO CLAIMED HORSE

Regular Board Meeting  
August 17, 2006

**BACKGROUND**

Business and Professions (B&P) Code Section 19420 provides that the Board has jurisdiction and supervision over meetings in California where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings. B&P Code Section 19440 states the Board shall have all powers necessary and proper to enable it to carry out full and effectually the purposes of this chapter. Responsibilities of the Board include adjudication of controversies arising from the enforcement of those laws and regulations dealing with horse racing and pari-mutuel wagering. B&P Code Section 19562 provides that the Board may prescribe rules, regulations, and conditions, consistent with the provisions of this chapter, under which all horse races with wagering on their results shall be conducted in California. During the running of a claiming race at the 2005 Del Mar race meeting, a horse went down and caused three other horses to not finish the race. The stewards called off the race and declared it no contest under Board Rule 1544, Calling off Race. Citing Rule 1658, Vesting Title to Claimed Horse, the stewards ordered all claims in the race void. The stewards' decision to void the claim was appealed. An Administrative Law Judge ruled in favor of the owner, and stated nothing in Rule 1544 suggested that calling off a race invalidates claims. The issue was heard at the April 2006 Regular Board Meeting where staff was directed to initiate a 45-day public comment period.

**ANALYSIS**

Board Rule 1544 currently provides that if the stewards believe a race cannot be run before midnight, or cannot be conducted in accordance with the Board's rules and regulations, they shall cancel and call off the race. If mechanical failure, or interference during the running of the race affects the majority of horses, the stewards may declare the race no contest. If a race is called off, canceled or declared no contest, any wagers made on the race shall be refunded and no purse is awarded - as if the race never occurred. However, Rule 1544 does not address claims. This provided the loophole that allowed a successful appeal of the stewards' decision to void claims in a race that was called off and declared no contest at the 2005 Del Mar meeting. The proposed amendment to Rule 1544 addresses the issue by providing that any claims submitted in a race that is called off, canceled, or declared no contest shall be void. In addition, the proposal to amend Rule 1658 states a claim is void if a race is called off in accordance with Rule 1544. Together, the proposed amendments leave no doubt regarding the status of a claim when a race is called off, canceled or declared no contest.

**RECOMMENDATION**

No comments were received during the 45-day public comment period.  
Staff recommends the Board adopt the amendment to Rules 1544 and 1658 as presented.

B&P Code Section 19440 states the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and control of horse racing and pari-mutuel wagering. B&P Code Section 19563 states the Board may adopt rules and regulations of the United States Trotting Association (USTA), not inconsistent with this chapter, for the regulation of harness racing. The USTA has amended its Rule 18 Section 9, which governs the maximum allowable length of a driver's whip. The amended USTA rule was effective May 1, 2006. The California liaison officer of the USTA and the harness stewards requested the Board amend Rule 1733, Whips, to be consistent with the newly amended USTA Rule 18 Section 9.

## ANALYSIS

The proposed amendment to Rule 1733 would increase the allowable length of a driver's whip from three feet nine inches, plus a snapper not longer than six inches, to a maximum of four feet, plus a snapper not longer than six inches. The proposed amendment was initiated at the request of the harness industry and will bring Rule 1733 into agreement with the current USTA rule regarding the maximum allowable whip.

## RECOMMENDATION

No comments were received during the 45-day public comment period.  
Staff recommends the Board adopt the amendment as presented.

STAFF ANALYSIS  
THE SETTING OF ADW HUB RATES

REGULAR BOARD MEETING  
AUGUST 17, 2006

**Background:**

Section 19604 of the Horse Racing Law authorizes Advance Deposit Wagering (ADW). Paragraph (f) of the law indicates that in order to be licensed, the applicant must meet the following requirements: make a contractual agreement with the California licensee (horse racing association or fair) so that all of the ADW wagers they process are included in the appropriate wagering pools; obtain approval from the CHRB and distribute the ADW takeout in accordance with the Horse Racing Law, i.e., Section 19604, etc.

In addition, two-thirds of the way through paragraph (b) the Section 19604 indicates that the ADW hub may be deduct up to 6.5% for providing the service, and that they may also deduct up to 3.5% as a *host fee* if they contract with an out of state track to use that track's signal in their ADW program for their California patrons.

A dispute as to which organizations have a say in setting the hub fees has finally come to a head. The issue has raised questions that the CHRB may need to address: Is it only the CA racing association that has a contractual agreement with the ADW hub that negotiates with the hub to set the hub fee? Or, do the horsemen's organizations have a say in setting the hub fees, i.e., they work with the CA racing association when setting the hub fee? If so, what role do they play and how much weight do they have in setting the hub fees?

On a practical note: early in the start-up of ADW in California, certain Commissioners of the CHRB indicated their strong desire to see the horsemen participate in the development of ADW. This included agreements between the horsemen's organizations and the ADW hubs. Although some CA associations and the ADW hubs protested this extra-legal requirement, they relented to the CHRB's wishes and made agreements with the horsemen's organizations. After the initial start-up period was over, the horsemen have continued to insist on participating in the ADW approval process including the setting of hub fees – a position that has brought us to this agenda item.

The Thoroughbred Owners of California (TOC) have raised the issue of setting hub fees and the CA racing associations and the ADW hubs has joined the debate. Staff expects all sides to have representatives at the meeting to present their side of the issue.

**NOTWINC REQUEST FOR ADJUSTMENT**  
**TO STABLING AND VANNING RATE**

**REGULAR BOARD MEETING**  
**AUGUST 17, 2006**

**Background:**

Pursuant to Section 19607.2 of the Business and Professions Code, a percentage of the satellite wagering handle in the Northern Zone can be used for a Stabling and Vanning program. The law allows up to 1.25% of the off-track handle for this purpose. The organization that administers the Stabling and Vanning program in the Northern Zone is the simulcast organization, NOTWINC.

NOTWINC is currently taking .94% of the northern off-track handle to fund the Stabling and Vanning program. For various reasons, they periodically make adjustments to the percentage withheld for this purpose. The NOTWINC Board is made up of representatives from the two northern thoroughbred tracks, CARF and the TOC.

Although the exact number is not known at this time, NOTWINC has indicated that they are going to request an increase in the current amount withheld.

**STAFF ANALYSIS  
PROPOSED REPEAL OF  
RULE 1606. COUPLING OF HORSES  
AND  
RULE 1974. WAGERING INTEREST**

**Regular Board Meeting  
August 17, 2006**

**BACKGROUND**

Business and Professions (B&P) Code Section 19420 provides that the Board shall have jurisdiction and supervision over meetings in this State where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings. B&P Code Section 19440 states the Board shall have all powers necessary and proper to enable it to carry out the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. B&P Code Section 19562 provides the Board may prescribe rules, regulations, and conditions under which all horse races with wagering on their results shall be conducted in this State. At the December 2005 Pari-Mutuel Operations Committee meeting the practice of coupling was reviewed. The issue was discussed again at the January 2006 Regular Board Meeting where staff was directed to start a 45-day public comment period for the proposed repeal of Rule 1606, Coupling of Horses; the proposed repeal of Rule 1974, Wagering Interest; and the amendment of Rule 1420, Definitions, and a number of pari-mutuel wagering rule subsections that would be affected by the repeal of Rule 1606. At the April 2006 hearing for adoption staff reported the receipt of a large number of comments during the 45-day public comment period – the majority of which were in opposition to the proposal. Persons who opposed the proposal to eliminate coupling generally stated it would increase the opportunity for manipulation of races, and add to the perception that California horse racing is “fixed.” Opponents commented the rule was enacted for a reason, and did not believe repealing coupling could increase field size. A number of opponents wrote the move was “anti-fan.” Comments opposing the proposal were received from the Sacramento Harness Association and the California Harness Horsemen’s Association. Proponents tended to feel it is time to eliminate coupling. They stated every horse should be entered as a single wagering interest, and uncoupling would decrease fan confusion. Repealing coupling would also eliminate the possibility that a fan that wagers on an entry consisting of a favorite and a mediocre horse would be left with a wager on the lesser horse if the favorite were scratched. The Board took no action at the hearing for adoption of the proposed repeal of Rule 1606; instead, it decided to conduct an experimental suspension of Rule 1606, and to initiate a new 45-day public comment period. The experiment initially involved the thoroughbred race meetings at Hollywood Park and Bay Meadows Race Track. Horses owned in whole or in part by the same person(s) could be uncoupled if there were five or more wagering interests entered to race. Hollywood Park and Bay Meadows agreed to keep statistics regarding the experiment. At the June 2006 Regular Board Meeting the experiment

was expanded to include the Los Alamitos Quarter Horse meeting through August 17, 2006, with the requirement that the same conditions as Hollywood Park and Bay Meadows would apply. In July 2006 the California Authority of Racing Fairs (CARF) requested that the racing fairs also be included in the experimental waiver of Rule 1606. The Board determined that fairs might request waivers on a case-by-case basis where stakes races have more than five racing interests. The racing secretary would contact the Executive Director for approval.

## ANALYSIS

The proposal to repeal Rule 1606 would eliminate the practice of coupling two or more horses as a single wagering interest when the same person(s) own such horses in whole or in part. If Rule 1606 is repealed, Rule 1974 could be folded into an amended Rule 1420, as the definition of "wagering interest" would no longer include coupling. In addition, a number of pari-mutuel regulations would need to be amended to eliminate coupling references.

Adopting the proposal will impact the following regulations, which are attached for review:

1954.1(h), Parlay Wagering on Win, Place or Show

1957(j), Daily Double

1959(d), Special Quinella (Exacta)

1976(e), Unlimited Sweepstakes

1976.8(d), Place Pick (n)

1976.9(c)(1), Pick (n) Pool

1977(c), Pick Three

1978(e), Select Four

1979(c), Trifecta

1979.1(c), Superfecta

While a repeal of Rule 1606 would allow uncoupling of horses under any circumstances, the experimental waiver provided for the uncoupling of horses when there were at least five wagering interests entered to race. If the experiment is considered successful, and the Board wishes to incorporate this provision into a regulation a new 45-day public comment period would be required. Rule 1606 would be amended to allow uncoupling of horses when there are at least five wagering interests entered to race (See the attached draft "B" of Rule 1606). It would not be necessary to repeal Rule 1974, nor would the pari-mutuel regulations need amending.

## RECOMMENDATION

The Board may wish to hear from Bay Meadows, Hollywood Park and Los Alamitos regarding the results of their participation in the experimental waiver of Rule 1606.

This item is presented for discussion and action by the Board.

PROPOSED REPEAL OF  
RULE 1974. WAGERING INTEREST

Regular Board Meeting  
August 17, 2006

~~1974. Wagering Interest.~~

~~A wagering interest may be any one horse in a race, or may be two or more horses coupled as a single wagering interest as an "Entry" or the "Field." A declaration or withdrawal of one horse from a wagering interest which consists of more than one horse shall have no effect on any wagers made on such wagering interest.~~

CALIFORNIA HORSE RACING BOARD  
TITLE 4. CALIFORNIA CODE OF REGULATIONS  
ARTICLE 18. PARI-MUTUEL WAGERING  
PROPOSED AMENDMENT OF  
RULE 1954.1. PARLAY WAGERING ON WIN, PLACE OR SHOW

Regular Board Meeting  
August 17, 2006

1954.1. Parlay Wagering on Win, Place or Show.

(a) The parlay is not a separate pari-mutuel pool, it is a series of wagers (consisting of legs) combining wagering entries in Win, Place or Show pools. The initial amount wagered constitutes the wager on the first leg, and if successful, the payout from the first leg constitutes the wager on the second leg, etc.

(b) A parlay wager is limited to Win, Place or Show which have a corresponding pool conducted on the race selected. The wager must combine at least two races but not more than six races. The races in a parlay must be in chronological order but do not need to be consecutive races or combine the same type pool.

(c) A parlay wager may only be on one pool and one wagering interest per leg and cannot combine wagers on races on other days.

(d) Payouts included as wagers in subsequent races and the final payout ~~to the parlay wagerer~~ shall be broken to the nearest dime. Parlay breakage shall be reported separately and added to regular breakage at the end of the day for the purpose of taxation and distribution.

(e) Parlay payouts will be included as wagers in subsequent pools by the track operator so the amount of such wagers, including their impact on the wagering odds, will be displayed. Wager totals in such pools shall be displayed in truncated fashion, to the lowest dollar.

(f) Parlay wagers may be cancelled by the ticket holder, in accordance with track policy, only before the start of the first parlay leg in which a parlay selection starts. Parlay wagers not cancelled must be completed or terminated by operation of these rules in order to be entitled to a payout.

(g) If a race, pool or wagering entry in a parlay is scratched, which includes an entry being declared a non-starter for wagering purposes, or a race or pool is cancelled, the parlay shall consist of the remaining legs. The parlay terminates if there are no remaining legs.

~~(h) A wager on a coupled entry or field is considered a wager on the remaining part of the coupled entry or field if any part of the coupled entry or field starts for parimutuel purposes in accordance with Rule 1974 of this Article.~~

TITLE 4. CALIFORNIA CODE OF REGULATIONS  
ARTICLE 18. PARI-MUTUEL WAGERING  
PROPOSED AMENDMENT OF  
RULE 1957. DAILY DOUBLE

Regular Board Meeting  
August 17, 2006

1957. Daily Double.

(a) The Daily Double is a separate ~~parimutuel~~ pari-mutuel pool established on two ~~(2)~~ races. The pool consists of amounts wagered on the selection of the winning horse of both races. It is not a parlay and has no connection with or relation to other pools conducted by the association or to rules governing the distribution of other pools.

(b) A valid Daily Double ticket shall be evidence of a binding contract between the holder of the ticket and the association and shall constitute an acceptance of Daily Double provisions and rules contained in this ~~Article~~ article.

(c) The association shall distribute the net pool to holders of valid tickets that correctly selected the winner of both races. If no ticket selected the winner of both races, the net pool shall be distributed as a place pool among tickets that included the winner of the first race and tickets that included the winner of the second race.

(d) If no ticket included the winner of the first race the net pool shall be distributed equally among tickets that included the winner of the second race; and, if no ticket included the winner of the second race the net pool shall be distributed equally among tickets that included the winner of the first race.

(e) If no ticket included the winner of either race the net pool shall be distributed equally among tickets selecting the second place finishers of both races.

(f) The association shall refund the entire pool if no ticket requires a payout or if the first race is cancelled.

(g) If the second race is cancelled after the first race has been completed, the net pool shall be distributed as a single price pool among tickets selecting the winner of the first race.

(h) Before the first race is run, any money wagered on a horse in either race that is scratched, excused by the Stewards stewards or prevented from racing shall be deducted from the pool and refunded.

(i) If any horse is scratched, excused by the Stewards stewards or prevented from racing because of the failure of the stall doors or starting gate to open in the second race, after the first race has been completed, all tickets including such horse(s) shall be deducted from the pool, and the pool(s), thus formed shall be distributed as a straight pool(s) among tickets combining the winner of the first race with such horse(s).

~~(j) A wager on a coupled entry or field is considered a wager on the remaining part of the coupled entry or field if any part of such entry starts for parimutuel purposes in accordance with Rule 1974.~~

(kj) If a dead heat occurs in either race the net pool is figured as a place pool. Example: Number eight (8) and five (5) dead heat in the first race, and number three (3) wins the second race, the pool would be divided and apportioned to tickets bearing eight (8) and three (3), and five (5) and three (3).

PROPOSED AMENDMENT OF  
RULE 1959. SPECIAL QUINELLA (EXACTA)

Regular Board Meeting  
August 17, 2006

1959. Special Quinella (Exacta).

(a) The Special Quinella is not a parlay and has no connection with or relation to the win, place and show pools shown on the totalizator board. All tickets on the Special Quinella will be calculated in a separate pool.

(b) A Special Quinella race shall be given a distinctive name to be selected by the association conducting such race, such as "Perfecta" or "Exacta," subject to the approval of the Board.

(c) All Special Quinella tickets will be for the win and place combination only. Each person purchasing a Special Quinella ticket shall designate the exact order in which the first two horses will finish in a Special Quinella race. For example, if number 3 three is selected to finish first and number 6 six is selected to finish second, they must come in number 3 three, first and number 6 six second in order to win.

~~(d) Entries or field horses in a race comprising the Special Quinella shall race as single wagering interests for the purposes of mutuel pool calculations and payouts to the public. If, in the event that any part of the entry or the field is a starter, there shall be no refund to persons wagering on such entry or field. In the event any part of an entry or the field finishes first, the order of finish of all other horses making up such entry or field will be disregarded in determining which horse finished second for the purpose of this rule.~~

(ed) Should any horse or horses entered in a Special Quinella race be scratched or excused by the ~~Stewards~~ stewards after wagering has commenced or should any horse or horses be prevented from racing because of the failure of the stall doors of the starting gate to open, all tickets including such horse or horses shall be deducted from the Special Quinella ~~Pool~~ pool and money refunded to the purchasers of tickets on the horse or horses so excused or prevented from racing.

(fe) In the event that no ticket is sold on the winning combination of a Special Quinella ~~Pool~~ pool, the net pool shall be distributed equally among holders of tickets selecting the winning horse to finish first and holders of tickets selecting the second place horse to finish second.

(gf) In the event of a dead-heat between two horses for first place, the net pool shall be calculated and distributed as a place pool to holders of the winning combinations.

(hg) In the event of a dead-heat between two or more horses for place, all tickets designating the proper first horse to win which are coupled with any of the place horses involved in a dead-heat shall be the winners of the Special Quinella race and payouts calculated according to their respective interest in the net pool.

(ih) In the event of a dead-heat for second place, if no ticket is sold on one of the two winning combinations, the entire net pool shall be calculated as a win pool and distributed to those holding tickets on the other winning combinations. If no tickets combine the winning horse with either of the place horses in the dead-heat the Special Quinella ~~Pool~~ pool shall be calculated and distributed to holders of tickets designating the winning horse or either of the place horses according to their respective interest in the net pool.

(ji) In the event of a dead-heat among three or more horses for first place, the net pool shall be calculated and distributed to holders of tickets designating any two of the horses participating in the dead-heat according to their respective interest in the net pool.

(kj) In the event that no ticket is sold that would require distribution to any winner as above defined the Special Quinella shall be deemed "No Contest" and all money in the Special Quinella shall be promptly refunded.

ARTICLE 18. PARI-MUTUEL WAGERING  
PROPOSED AMENDMENT OF  
RULE 1976. UNLIMITED SWEEPSTAKES

Regular Board Meeting  
August 17, 2006

1976. Unlimited Sweepstakes.

(a) The Unlimited Sweepstakes ~~parimutuel~~ pari-mutuel pool is not a parlay and has no connection with or relation to any other ~~parimutuel~~ pool conducted by the association, nor to any win, place and show pool shown on the totalizator, nor to the rules governing the distribution of such other pools.

(b) An Unlimited Sweepstakes ~~parimutuel~~ ticket shall be evidence of a binding contract between the holder of the ticket and the association and the said ticket shall constitute an acceptance of the Unlimited Sweepstakes provisions and rules contained in this article ~~Article~~ 18.

(c) An Unlimited Sweepstakes may be given a distinctive name by the association conducting the meeting, subject to approval of the Board.

(d) The Unlimited Sweepstakes ~~parimutuel~~ pool consists of amounts contributed for a selection for win only in each of nine races designated by the association with the approval of the Board. Each person purchasing an Unlimited Sweepstakes ticket shall designate the winning horse in each of the nine races comprising the Unlimited Sweepstakes.

~~(e) Those horses constituting an entry of coupled horses or those horses coupled to constitute the field in a race comprising the Unlimited Sweepstakes shall race as a single wagering interest for the purpose of the Unlimited Sweepstakes parimutuel pool calculations~~

~~and payouts to the public. However if any part of either an entry or the field racing as a single wagering interest is a starter in a race the entry or the field selection shall remain as the designated selection to win in that race for the Unlimited Sweepstakes calculation and the selection shall not be deemed a scratch.~~

(fe) The Unlimited Sweepstakes parimutuel pool shall be calculated as follows:

(1) One hundred percent (~~100%~~) of the net amount in the parimutuel pool subject to distribution among winning ticket holders shall be distributed among the holders of parimutuel tickets which that correctly designate the official winner in each of the nine races comprising the Unlimited Sweepstakes.

(2) In the event there is no parimutuel ticket properly issued which that correctly designates the official winner in each of the nine races comprising the Unlimited Sweepstakes, ~~twenty-five~~ 25 percent (~~25%~~) of the net amount in the parimutuel pool shall be distributed among the holders of parimutuel tickets which that correctly designate the most official winners, but less than nine, in each of the nine races comprising the Unlimited Sweepstakes, and the remaining ~~seventy-five~~ 75 percent (~~75%~~) of the net amount in the parimutuel pool shall not be distributed as provided above but shall be retained by the association as distributable amounts and shall be carried over and included in the Unlimited Sweepstakes parimutuel pool for the next succeeding racing date as an additional net amount to be distributed as provided in subsection (fe)(1).

(gf)(1) Except as provided in subsection (kj) and subsection (ml), should no distribution be made pursuant to subsections (fe)(1), then the distributable pool and all monies accumulated therein shall be carried over until that amount equals or exceeds five million dollars

~~(\$5,000,000)~~ or such lesser amount as the racing association designates to the Board at the time it files its license application with the Board.

(2) Once the pool and all monies accumulated therein equals or exceeds five million dollars, or such lesser amount designated by the racing association pursuant to subsection (g)(1), that amount shall be distributed on the next racing day as provided in subsection (f)(1); but if no holder of ~~parimutuel~~ tickets correctly designates the official winner in each of the nine races comprising the Unlimited Sweepstakes, then ~~seventy-five~~ 75 percent (~~75%~~) of the pool shall be distributed among the holders of ~~parimutuel~~ tickets which that correctly designate the most official winners, but less than nine, in each of the nine races comprising the Unlimited Sweepstakes. The remaining ~~twenty-five~~ 25 percent (~~25%~~) of the pool shall be distributed to those holders of ~~parimutuel~~ tickets which that correctly designate the next greatest number of official winners.

(hg) In the event an Unlimited Sweepstakes ticket designates a selection in any one or more of the races comprising the Unlimited Sweepstakes and that selection is scratched, excused or determined by the ~~Stewards~~ stewards to be a nonstarter in the race, the actual favorite, as evidenced by the amounts wagered in the win pool at the time of the start of the race, will be substituted for the non-starting selection for all purposes, including pool calculations and payouts.

(ih) In the event of a dead heat for win between two or more horses in any Unlimited Sweepstakes race, all such horses in the dead heat for win shall be considered as winning horses in the race for the purpose of calculating the pool.

(j)(1) In the event that all nine races comprising the Unlimited Sweepstakes are cancelled or declared as no contest, all ~~parimutuel~~ tickets held on the Unlimited Sweepstakes for that day or night shall be refunded and the Unlimited Sweepstakes shall be cancelled in its entirety for that day or night and any retained distributable amounts carried over from any prior Unlimited Sweepstakes pool pursuant to subsection (f)(2) shall be carried over to the next succeeding racing date of that meeting.

(2) In the event that fewer than nine, but no more than three, races comprising the Unlimited Sweepstakes are completed due to the cancellation of one or more races or the ~~Stewards~~ stewards declaring one or more races as no contest, the pool for that racing day shall be refunded and the Unlimited Sweepstakes shall be cancelled in its entirety as provided in subsection (j)(1).

(3) In the event that fewer than nine, but no fewer than four, races comprising the Unlimited Sweepstakes are completed due to the cancellation of one or more races or the ~~Stewards~~ stewards declaring one or more races as no contest, ~~one hundred~~ 100 percent (~~100%~~) of the net amount in the ~~parimutuel~~ pool for that day or night, exclusive of any retained distributable amounts carried over from any prior Unlimited Sweepstakes pool pursuant to subsection (f)(2), shall be subject to distribution among holders of ~~parimutuel~~ tickets which that correctly designate the most winners in the completed races of the Unlimited Sweepstakes. The retained distributable amounts carried over from any prior Unlimited Sweepstakes pool pursuant to subsection (f)(2) shall be carried over to the next succeeding racing date of that meeting.

(k) (1) Should no distribution be made pursuant to subsection (fe)(1) on the last day of the association's race meeting, then the distributable pool and all monies accumulated therein shall be distributed on that day. Seventy-five percent (~~75%~~) of the pool shall be distributed among holders of ~~parimutuel~~ tickets ~~which~~ that correctly designate the most official winners, but less than nine, in each of the nine races comprising the Unlimited Sweepstakes. The remaining ~~twenty-five~~ 25 percent (~~25%~~) of the pool shall be distributed to those holders of ~~parimutuel~~ tickets ~~which~~ that correctly designate the next greatest number of official winners.

(2) In the event that an association is unable to distribute the retained distributable amount carried over from any prior Unlimited Sweepstakes pool established pursuant to subsection (fe)(2) by the end of its race meeting due to cancellation of the final day(s) or night(s) of racing or any other reason, the retained distributable amount shall be carried forward to the next race meeting having an Unlimited Sweepstakes at the same location and of the same breed of horse as the racing association that generated the retained distributable amount. The retained distributable amount shall be included in the Unlimited Sweepstakes pool for the first day or night of racing at the subsequent race meeting.

(l) No ~~parimutuel~~ ticket for the Unlimited Sweepstakes pool shall be sold, exchanged or cancelled after the time of the closing of wagering in the first of the nine races comprising the Unlimited Sweepstakes, except for such refunds on Unlimited Sweepstakes tickets as required by this regulation, and no person shall disclose the number of tickets sold in the Unlimited Sweepstakes pool or the number or amount of tickets selecting winners of Unlimited Sweepstakes races until such time as the Stewards stewards have determined the last race comprising the Unlimited Sweepstakes each day to be official.

(m) The racing association may, at its election, designate to the Board, at the time it files its license application with the Board, one or more racing days (nights) during its racing meeting on which the retained distributable amount carried over from any prior Unlimited Sweepstakes pool established pursuant to subsection (fe)(2), shall be distributed as provided in subsection (gf)(2), even though the retained amount is less than the amount specified in or designated by the racing association pursuant to subsection (gf)(1).

(c) A Place Pick (n) may be given a distinctive name by the association conducting the meeting, subject to Board approval.

~~(d) A wager on a coupled entry or field is considered a wager on the remaining part of the coupled entry or field if any part of such entry starts for parimutuel purposes in accordance with Rule 1974.~~

(ed) If a ticket in any race designates a selection that was scratched, excused or determined by the ~~Stewards~~ stewards to be a nonstarter in the race, the association may designate the actual favorite, which is determined by the amounts wagered in the win pool at the time of the start of the race, or may allow patrons the option of selecting an alternate

betting interest. The actual favorite or the alternate betting interest will be substituted for the non-starting selection for all purposes.

~~(fe) Except as provided in subsection (f)(1), in~~ In a dead heat for win between two ~~(2)~~ or more horses, only the horses in such dead heat shall be considered winning horses.

~~(1) In a dead heat for win between two (2) or more coupled horses, all such horses together with the horse(s) which finishes next in order shall be considered winning horses.~~

~~(21) Except as provided in subsection (f),~~ In a dead heat for second between two ~~(2)~~ or more horses, all such horses together with the horse which finished first shall be considered winning horses.

~~(gf)~~ The association shall distribute the net pool to holders of valid tickets that correctly selected the most first or second place finishers.

~~(hg)~~ All tickets shall be refunded if all races comprising the Place Pick (n) are cancelled or declared as no contest. The entire pool shall be refunded if less than four ~~(4)~~ races are completed and if four ~~(4)~~ or more races are completed the net pool shall be distributed pursuant to subsection ~~(gf)~~.

~~(ih)~~ After wagering closes on the first race comprising the Place Pick (n) no ticket shall be sold, exchanged or cancelled. No person shall disclose the number of tickets sold in the Place Pick (n) or the number or amount of tickets that selected winners of Place Pick (n) races until the ~~Stewards~~ stewards declare the last race official.

CALIFORNIA HORSE RACING BOARD  
TITLE 4. CALIFORNIA CODE OF REGULATIONS  
ARTICLE 18. PARI-MUTUEL WAGERING  
PROPOSED AMENDMENT OF  
RULE 1976.9 PICK (N) POOL

Regular Board Meeting  
August 17, 2006

1976.9. Pick (n) Pool.

(a) The Pick (n) requires selection of the first-place finisher in each of a number of races designated by the association. The association shall designate the percentage of the net pool considered the major share, and the percentage of the net pool considered the minor share, if any. The number of races comprising a Pick (n) must be at least four but no more than ten. Subsequent changes to the Pick (n) shall be requested in writing by the association. The Board or its designated representative shall respond in writing to requests within five working days of their receipt at Board headquarters.

(b) The major share of the net Pick (n) pool, along with the Pick (n) carryover, shall be distributed to ticket holders that selected the first-place finisher in each of the Pick (n) races, based upon the official order of finish, and the minor share of the net Pick (n) pool shall be distributed as a win pool to ticket holders whose selection finished first in the second greatest number of Pick (n) races; if there are no wagers selecting the first place finisher in each of the Pick (n) races, then:

(1) The minor share of the net pool shall be distributed as a win pool to ticket holders whose selection finished first in the greatest number of Pick (n) races, and

(2) The major share of the net Pick (n) pool shall be retained by the association and added to the corresponding Pick (n) pool of the next performance. The additional Pick (n) pool resulting from such a carryover shall be termed the “Pick (n) carryover.”

(c) In a dead heat for first in any of the Pick (n) races involving:

~~(1) Coupled horses or horses coupled to constitute the field, the Pick (n) pool shall be distributed as if a dead heat had not occurred, or~~

(2) Horses representing two or more wagering interests, all horses in the dead heat for win shall be considered winning horses to calculate the pool.

(d) If a wagering interest in any of the Pick (n) races is scratched, the association may designate the favorite, determined by total amounts wagered in the win pool at the close of wagering on that race, or allow patrons the option of selecting an alternate wagering interest. The favorite or alternate wagering interest shall be substituted for the scratched wagering interest for all purposes. If the association elects to designate the favorite and the win pool total is identical for two or more horses, the horse with the lowest program number is used. The totalizator shall produce written reports showing each of the wagering combinations with substituted wagering interests that became winners as a result of the substitution, in addition to the normal winning combination, at the end of each race where substitutions occur.

(e) The Pick (n) pool shall be canceled and all Pick (n) wagers for the individual performance shall be refunded if:

(1) Three or more races included as part of a Pick 4, Pick 5 or Pick 6 are canceled or declared no contest; or

(2) Four or more races included as part of a Pick 7, Pick 8 or Pick 9 are canceled or

declared no contest; or

(3) Five or more races included as part of a Pick 10 are canceled or declared no contest.

(f) If at least one race included as part of a Pick (n) is canceled or declared no contest, but fewer than the number specified in subsection (e), the net pool shall be distributed as a win pool to ticket holders whose selection finished first in the greatest number of Pick (n) races for that performance. Such distribution shall include the portion ordinarily retained for the Pick (n) carryover but not the carryover from previous performances.

(g) The Pick (n) carryover may be capped at an amount designated by the association, with Board approval. If, at the close of any performance, the carryover equals or exceeds the designated cap, it will be frozen until it is won or distributed under other provisions of this rule. After the carryover is frozen, ~~100%~~ percent of the net pool shall be distributed to ticket holders whose selection finished first in the greatest number of Pick (n) races for that performance.

(h) Permission to distribute the Pick (n) carryover on a specific date and performance shall be obtained from the Board. The mandatory payout request must contain the intended date and performance for the distribution.

(i) If the Pick (n) carryover is designated for distribution on a specified date and performance in which no wagers selects the first-place finisher in each of the Pick (n) races, the entire pool including the carryover shall be distributed as a win pool to ticket holders whose selection finished first in the greatest number of Pick (n) races. The Pick (n) carryover

shall be designated for distribution on a specified date and performance only under the following circumstances:

(1) With written approval from the Board as provided in subsection (h); or

(2) With written approval from the Board when there is a change in the carryover cap, a change from one type of Pick (n) wagering to another, or when the Pick (n) is discontinued;  
or

(3) On the closing performance of the meet or split meet.

(j) If the Pick (n) carryover must be carried over to the corresponding Pick (n) pool of a subsequent meet, it shall be deposited in an interest-bearing account approved by the Board. The Pick (n) carryover plus accrued interest shall then be added to the net Pick (n) pool of the following meet on a date and performance designated by the association, with Board approval.

(k) With Board approval, the association may contribute to the Pick (n) carryover a sum of money up to the amount of any designated cap.

(l) No ticket for the Pick (n) pool shall be sold, exchanged or canceled after the close of wagering in the first race comprising the Pick (n), except for refunds required by this rule.

(m) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is prohibited. The totalizator will be programmed to suppress all information related to Pick (n) wagering activity until the conclusion of the final race except for the following:

(1) Total amount of the net pool at the close of Pick (n) wagering.

(2) Information regarding possible Pick (n) payouts for each of the runners when the last race of the Pick (n) pool is the only race remaining to be run.

(n) If the racing surface changes from turf to dirt or dirt to turf in any race of a Pick (n) pool, and such change was not announced to the public before the close of wagering on the Pick (n) pool, all wagers on such race shall be considered winning wagers for the purposes of the Pick (n) pool.

CALIFORNIA HORSE RACING BOARD  
TITLE 4. CALIFORNIA CODE OF REGULATIONS  
ARTICLE 18. PARI-MUTUEL WAGERING  
PROPOSED AMENDMENT OF  
RULE 1977. PICK THREE

Regular Board Meeting  
August 17, 2006

1977. Pick Three.

(a) The Pick Three is a separate ~~parimutuel~~ pari-mutuel pool established on three ~~(3)~~ consecutive races. The pool consists of amounts wagered on the winning horse in each of the races. It is not a parlay and has no connection with or relation to other pools conducted by the association, except for the provisions in subsection (hg), or to rules governing the distribution of other pools.

(b) A valid Pick Three ticket shall be evidence of a binding contract between the holder of the ticket and the association and shall constitute an acceptance of Pick Three provisions and rules contained in this ~~Article~~ article.

~~(c) A wager on a coupled entry or field is considered a wager on the remaining part of the coupled entry or field if any part of such entry starts for parimutuel purposes in accordance with Rule 1974.~~

(dc) The association shall distribute the net pool to holders of valid tickets that correctly selected the winners in all three ~~(3)~~ races.

(ed) In a dead heat for win between two ~~(2)~~ or more horses in any of the Pick Three races, all such horses shall be considered winning horses in that race for calculating the pool. The payout shall reflect the proportionate amount of money wagered on each winning combination.

(fe) If no ticket selected the winner in all three (~~3~~) races, the net pool shall be paid for tickets that selected the winner in any two (~~2~~) races; and if no ticket selected two (~~2~~) winners the net pool shall be paid for tickets that selected the winner of any one (~~1~~) race. The association shall refund the entire pool if no ticket selected the winner of any one (~~1~~) race.

(gf) If one (~~1~~) of the races is cancelled, the net pool shall be distributed as provided in subsection (fe). If more than one (~~1~~) race is cancelled the association shall refund the entire pool.

(hg) A ticket designating a selection that was scratched, excused or determined by the Stewards stewards to be a nonstarter in the race, shall have the favorite, which is determined by the amounts wagered in the win pool at the time of the start of the race, substituted for the non-starting selection for all purposes.

(ih) After wagering closes on the first race of the Pick Three no ticket shall be sold, exchanged or cancelled. No person shall disclose the number of tickets sold in the Pick Three races or the number or amount of tickets that selected winners of Pick Three races until the Stewards stewards declare the last race official. After the second of the three (~~3~~) races, the association may display potential distributions dependent upon the outcome of the third race.

CALIFORNIA HORSE RACING BOARD  
TITLE 4. CALIFORNIA CODE OF REGULATIONS  
ARTICLE 18. PARI-MUTUEL WAGERING  
PROPOSED AMENDMENT OF  
RULE 1978. SELECT FOUR

Regular Board Meeting  
August 17, 2006

1978. Select Four.

(a) The Select Four ~~parimutuel~~ pari-mutuel pool is not a parlay and has no connection with or relation to any other ~~parimutuel~~ pool conducted by the association, nor to any win, place and show pool shown on the totalizator board, nor to the rules governing the distribution of such other pools.

(b) A valid Select Four ticket shall be evidence of a binding contract between the holder of the ticket and the racing association, and the said ticket shall constitute an acceptance of Select Four provisions and rules contained in ~~Article 18~~ this article.

(c) A Select Four may be given a distinctive name to be selected by the association conducting such races, such as "PICK 4", subject to the approval of the Board.

(d) The Select Four ~~parimutuel~~ pool consists of amounts contributed for a selection for win only in each of four races designated by the association with the approval of the Board. Each person purchasing a Select Four ticket shall designate the winning horse in each of the four races comprising the Select Four.

~~(e) Those horses constituting an entry of coupled horses or those horses coupled to constitute the field in a race comprising the Select Four shall race as a single wagering interest for the purpose of the Select Four parimutuel pool calculations and payouts to the public. However, if any part of either an entry or the field racing as a single interest is a starter in a~~

~~race, the entry or the field selection shall remain as the designated selection to win in that race for the Select Four calculation, and the selection shall not be deemed a scratch.~~

(fe) The net amount in the ~~parimutuel~~ pool subject to distribution among winning ticket holders shall be distributed among the holders of tickets which that correctly designate the winners in all four races comprising the Select Four.

(gf) If no ticket is sold combining the four winners of the Select Four, the net amount in the ~~parimutuel~~ pool shall be distributed among the holders of tickets which that include the winners of any three of the four races comprising the Select Four.

(hg) If no ticket is sold combining at least three winners of the Select Four, the net amount in the ~~parimutuel~~ pool shall be distributed among holders of tickets which that include the winner of any two races comprising the Select Four.

(ih) If no ticket is sold combining at least two winners of the Select Four, the net amount in the ~~parimutuel~~ pool shall be distributed among holders of tickets which that include the winner of any one race comprising the Select Four.

(ji) If no ticket is sold that would require distribution of the Select Four pool to a winner under this rule, the association shall make a complete and full refund of the Select Four pool.

(kj) If for any reason one of the races comprising the Select Four is cancelled, the net amount of the ~~parimutuel~~ pool shall be distributed as provided above in subsections (f), (g), (h), (i) and ~~(j)~~.

(lk) If for any reason two or more of the races comprising the Select Four is cancelled, a full and complete refund will be made of the Select Four pool.

(m) In the event a Select Four ticket designates a selection in any one or more of the races comprising the Select Four and that selection is scratched, excused or determined by the Stewards stewards to be a non-starter in the race, the actual favorite, as evidenced by the amounts wagered in the win pool at the time of the start of the race, will be substituted for the non-starting selection for all purposes, including pool calculations and payouts.

(n) In the event of a dead heat for win between two or more horses in any Select Four race, all such horses in the dead heat for win shall be considered as winning horses in the race for the purpose of calculating the pool.

(o) No ~~parimutuel~~ ticket for the Select Four pool shall be sold, exchanged or cancelled after the time of the closing of wagering in the first of the four races comprising the Select Four, except for such refunds on Select Four tickets as required by this regulation, and no person shall disclose the number of tickets sold in the Select Four pool or the number or amount of tickets selecting winners of Select Four races until such time as the Stewards stewards have determined the last race comprising the Select Four to be official. Notwithstanding the above, at the conclusion of the third of the four races comprising the Select Four, an association may with the approval of the Board display potential distribution to ticket holders depending upon the outcome of the fourth race of the Select Four.

PROPOSED AMENDMENT OF  
RULE 1979. TRIFECTA

Regular Board Meeting  
August 17, 2006

1979. Trifecta.

(a) The Trifecta is a separate pari-mutuel pool established on a single race. The pool consists of amounts wagered on horses to finish first, second and third in that exact order. It is not a parlay and has no connection with or relation to other pools conducted by the association or to rules governing the distribution of other pools.

(b) A valid Trifecta ticket is evidence of a binding contract between the holder of the ticket and the association and constitutes acceptance of Trifecta provisions and rules contained in this article.

(c) No Trifecta pool shall be established for a race with less than six wagering interests scheduled to start when the Trifecta pool opens for wagering in California. ~~A wager on a coupled entry or field is considered a wager on the remaining part of the coupled entry or field if any part of such entry starts for pari-mutuel purposes in accordance with Rule 1974.~~

(d) After the stewards' official order of finish is posted, the association shall distribute the net pool to holders of valid tickets that correctly selected the first, second and third finishers.

(e) In a dead heat for first or second position, only tickets selecting the correct order of finish for the first three finishers shall be winning tickets; that is, two horses in a dead heat for

first shall be first and second, in either position; and two horses in a dead heat for second shall be second and third, in either position. In a triple dead heat for first, the three horses shall be the winning combination regardless of the order of selection. In a triple dead heat for second, tickets with the correct first selection and two of the three horses shall be winning tickets. In a triple dead heat for third, tickets with the correct first and second selection and one of the three horses shall be winning tickets.

(f) If no ticket correctly selected the first, second and third position, the net pool shall be paid for tickets that selected first and second. If no ticket selected first and second the net pool shall be paid for tickets that selected first. The association shall refund the entire pool if no ticket selected first.

(g) If the stewards scratch a horse before wagering is closed, the association may exchange any ticket that includes the scratched horse. After wagering is closed, tickets selecting a scratched horse or a horse the stewards declared a nonstarter shall be eliminated from the pool and the purchase price refunded.

1979.1. Superfecta.

(a) The Superfecta is a separate pari-mutuel pool established on a single race. The pool consists of amounts wagered on horses to finish first, second, third, and fourth in that exact order. It is not a parlay and has no connection with other pools conducted by the association or to rules governing the distribution of other pools.

(b) A valid Superfecta ticket is evidence of a binding contract between the holder of the ticket and the association and constitutes acceptance of Superfecta provisions and rules contained in this article.

(c) No Superfecta pool shall be established for a race with less than eight wagering interests scheduled to start when the Superfecta pool opens for wagering in California. ~~A wager on a coupled entry or field is considered a wager on the remaining part of the coupled entry or field if any part of the entry starts for pari mutuel purposes under Rule 1974 of this division.~~

(d) After the stewards' official order of finish is posted, the association shall distribute the net pool to holders of valid tickets that select the first, second, third, and fourth finishers.

(e) In a dead heat for first, second, or third position, only tickets selecting the correct order of finish for the first four finishers shall be winning tickets; that is, two horses in a dead heat for first shall be first and second, in either position; two horses in a dead heat for second

shall be second and third, in either position; and two horses in a dead heat for third shall be third and fourth, in either position. In a dead heat for fourth, tickets with the correct first, second, and third selection and one of the two horses in the dead heat for fourth shall be winning tickets. In a triple dead heat for first, tickets selecting the three horses in the dead heat, regardless of the order of selection, and the horse finishing fourth shall be winning tickets. In a triple dead heat for second, tickets with the correct first selection and all three horses in the dead heat shall be winning tickets. In a triple dead heat for third, tickets with the correct first and second selection and two of the three horses in the dead heat shall be winning tickets. In a triple dead heat for fourth, tickets with the correct first, second, and third selection and one of the horses in the dead heat shall be winning tickets.

(f) If no ticket selects the first, second, third, and fourth position, the net pool shall be paid for tickets that select first, second, and third. If no ticket selects first, second, and third position, the net pool shall be paid for tickets that select first and second. If no ticket selects first and second, the net pool shall be paid for tickets that select first. The association shall refund the entire pool if no ticket selects first.

(g) If the stewards scratch a horse before wagering is closed, the association may exchange any ticket that includes the scratched horse. ## STAFF ANALYSIS

## DISCUSSION ON SENATE BILL 746 (VINCENT)

Regular Board Meeting  
August 17, 2006

## BACKGROUND

Under current law, thoroughbreds may also race at quarter horse racing meetings. This bill seeks to limit the number of thoroughbreds racing in quarter horse races.

Under current law, all associations or fairs that operate as a satellite wagering facility shall display signals and accept wagers on all live races conducted in this state without regard to breed. This bill seeks, to a limited extent, to exempt the night industry from this provision of satellite wagering law.

Under current law, impact fees are not specifically addressed. This bill would recognize impact fees and place a cap on the amount of impact fee that may be set between the quarter horse and harness associations.

## ANALYSIS

SB 746 was amended by Senator Vincent on June 26, 2006, to include the following:

- 1) Thoroughbreds shall constitute less than half the number of horses in races written for quarter horses, except in the case that an exception is granted with the consent of the quarter horse horsemen's organization contracting with the quarter horse racing association;
- 2) A quarter horse racing association in the southern zone is exempt from the requirements of satellite wagering law that require they take a simulcast wagering signal from a harness racing association in the northern zone when live quarter horse racing is being conducted unless there is a written agreement in place between the quarter horse and harness associations;
- 3) A harness racing association in the northern zone is exempt from the requirements of satellite wagering law that require they take a simulcast wagering signal from a quarter horse racing association in the southern zone when live harness racing is being conducted unless there is a written agreement in place between the quarter horse and harness associations; and
- 4) Any impact fees assessed can be no greater than 5 percent.

At this time the bill is on the Assembly Floor, and, if passed, will go to the Governor for sign or veto.

The CHRB currently has an approved “oppose” position from the Governor’s Office. The reasons for this position are as follows:

- 1) The bill was substantially amended into its present form in the last committee of the second house, thus precluding any meaningful discussion of the bill’s issues.
- 2) One of the main components of SB 14 (Maddy, Ch 1273, Statutes of 1987) for satellite wagering is that there would be no “picking and choosing” of which satellite signal each location could accept, but created an “all or nothing” system. The intent of this was to insure that smaller racing associations would not be shut out of satellite opportunities. This bill creates a precedent that would allow selection of satellite wagering signals.
- 3) The bill does not contain any approval or oversight mechanism for the CHRB.
- 4) The bill places into law a system that is currently in practice.

Industry representatives state that they intend to further amend this bill. These amendments would more closely follow current law in that they would:

- 1) Continue to require that all signals offered for satellite wagering be accepted, thus eliminating any concern about “picking and choosing”;
- 2) Acknowledge the payment of impact fees and sets the amount; and
- 3) Acknowledge current CHRB authority to audit the associations involved and insure that the provisions of this law are carried out. This would eliminate any unregulated agreement.

These amendments are significant and, once they are in print, would require that the CHRB reassess their current recommended position.

#### RECOMMENDATION

This item is placed on the agenda for discussion.

AMENDED IN ASSEMBLY JUNE 26, 2006

**SENATE BILL**

**No. 746**

**Introduced by Senator Vincent**

February 22, 2005

An act to amend ~~Section 19401~~ *Sections 19533 and 19601* of the Business and Professions Code, relating to horse racing.

LEGISLATIVE COUNSEL'S DIGEST

SB 746, as amended, Vincent. Horse racing.

*Existing law gives the California Horse Racing Board the authority to regulate horse racing and parimutuel wagering on horse races in California. The board sets the standards for the types of races that may be run and the types of horses that may be run, within statutory guidelines. Existing law allows the board to grant licenses to an association only for races between horses of a single breed, but allows some thoroughbred and Appaloosa horses to run in races shorter than 5 furlongs with other breeds, subject to specified conditions.*

*This bill would restrict the number of thoroughbred horses in these races to less than half unless given the consent of the quarter horse horsemen's association that is contracting with the association running the race.*

*Existing law requires satellite facilities to show and accept wagers on all other live horse races in the state.*

*This bill would create exemptions, as specified, in the southern and northern zones.*

~~Existing law regulates parimutuel wagering on horse racing, with the intention of encouraging agriculture, horse breeding, California fairs, and the expansion of horse racing opportunities. Further,~~

SB 746

— 2 —

~~existing law provides for uniformity of regulation in each type of horse racing.~~

~~This bill would specify expansion is to be encouraged in live horse racing opportunities.~~

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

- 1     *SECTION 1. Section 19533 of the Business and Professions*  
 2     *Code is amended to read:*  
 3     19533. (a) Any license granted to an association other than a  
 4     fair shall be only for one type of racing, thoroughbred, harness,  
 5     or quarter horse racing as the case may be, except that the board  
 6     may authorize the entering of thoroughbred and Appaloosa  
 7     horses in quarter horse races at a distance not exceeding five  
 8     furlongs at quarter horse meetings, mixed breed meetings, and  
 9     fair meetings. If the board authorizes the entering of  
 10    thoroughbred or Appaloosa horses in quarter horse races, the  
 11    following conditions shall be met:  
 12    (1) Any race written for participation by quarter horses,  
 13    Appaloosas, and thoroughbreds shall be written as quarter horse  
 14    preferred.  
 15    (2) The number of races written as quarter horse preferred at a  
 16    distance exceeding 870 yards shall not exceed more than three  
 17    races per program without the consent of the quarter horse  
 18    horsemen's organization contracting with the association.  
 19    (3) More than one-half of the races on any program shall be  
 20    for quarter horses at a distance not to exceed 550 yards, unless  
 21    the consent of the quarter horse horsemen's organization is  
 22    received.  
 23    (4) Mixed races with Appaloosa and quarter horses may only  
 24    be written with the consent of the quarter horse horsemen's  
 25    organization contracting with the association.  
 26    (5) *Thoroughbreds shall constitute less than half the number*  
 27    *of horses in these races although an exception may be granted on*  
 28    *a race-to-race basis with the consent of the quarter horse*  
 29    *horsemen's organization contracting with the association.*  
 30    (b) The association that conducts the meeting shall pay to a  
 31    thoroughbred trainers' organization an amount for a pension plan

1 for backstretch personnel to be administered by that trainers'  
2 organization equivalent to 1 percent of the amount available to  
3 thoroughbred horses for purses. The remainder of the portion  
4 shall be distributed as purses. Any redistributable money paid to  
5 the board pursuant to Section 19641, which is paid to a welfare  
6 fund established by a horsemen's organization from races with  
7 both thoroughbred and quarter horses, shall be divided pro rata  
8 between the two welfare funds based on the number of  
9 thoroughbreds and quarter horses in the race.

10 (c) (1) Notwithstanding any other provision of law, any  
11 association licensed to conduct quarter horse racing may apply to  
12 the board for, and the board shall grant, authority to conduct  
13 thoroughbred racing as part of its racing program if all of the  
14 following conditions are met:

15 (A) The thoroughbred races are for a claiming price of not  
16 more than five thousand dollars (\$5,000), and at a distance of  
17 four and one-half furlongs or less. The races may not be stakes,  
18 allowance races, or maiden allowance races.

19 (B) More than one-half of the races on any program shall be  
20 for quarter horses at a distance not to exceed 550 yards, unless  
21 the consent of the quarter horse horsemen's organization is  
22 received.

23 (C) The consent of the quarter horse horsemen's organization  
24 contracting with the association is obtained with respect to the  
25 inclusion of thoroughbred racing.

26 (2) The quarter horse racing association conducting  
27 thoroughbred racing pursuant to this subdivision shall pay to a  
28 quarter horse horsemen's organization the amount specified in  
29 subdivision (e) of Section 19613, and an amount for a pension  
30 plan for backstretch personnel to be administered by a  
31 thoroughbred trainers' organization equivalent to 1 percent of the  
32 amount available to thoroughbred horses for purses. The  
33 remainder of the portion shall be distributed as purses. The  
34 quarter horse racing association shall also deduct the appropriate  
35 amount to comply with subdivision (a) of Section 19617.2 for  
36 distribution to the thoroughbred official registering agency.

37 *SEC. 2 Section 19601 of the Business and Professions Code*  
38 *is amended to read:*

39 19601. (a) Notwithstanding any other provision of law, a  
40 licensed association or fair that is conducting a live meeting in

SB 746

— 4 —

1 any racing zone may accept wagers on any race conducted in this  
2 state, if all of the following requirements are met:

3 (1) The association or fair that conducts the racing meeting  
4 and the organization that is responsible for negotiating purse  
5 agreements on behalf of the horsemen participating in that racing  
6 meeting consent to the acceptance of the wagers. However, if  
7 consent is withheld, any party may appeal the withholding of  
8 consent to the board, which may determine that consent is not  
9 required.

10 (2) The association or fair conducts not less than eight races  
11 on days when the association or fair is licensed to conduct racing,  
12 except that fewer than eight live races per day may be conducted  
13 by the mutual agreement of the association or fair and the  
14 organization that is responsible for negotiating purse agreements  
15 on behalf of the horsemen participating in the racing meeting.

16 (3) Wagering is offered only within the association's or fair's  
17 racing inclosure or within the satellite wagering facility and only  
18 within seven days of the commencement of the racing program  
19 with the transmitted race.

20 (4) All wagers are included in the appropriate parimutuel pool  
21 at the racetrack of the association or fair where the race is  
22 conducted, or, in the appropriate parimutuel pool of the racetrack  
23 of the association or fair that accepts the transmitted race.

24 (5) The association or fair accepting wagers on an out-of-zone  
25 transmitted race distributes the audiovisual signal of the race to,  
26 and accepts wagers from, all eligible satellite wagering facilities.

27 (b) Any association or fair accepting wagers under subdivision  
28 (a) shall deduct, from the total amount handled in each  
29 conventional and exotic parimutuel pool on the transmitted race,  
30 the same percentages deducted pursuant to Article 9.5  
31 (commencing with Section 19610) for races at its own meeting.  
32 However, if the wagers are from a quarter horse race meeting,  
33 then the amounts deducted shall be the same as for a quarter  
34 horse race meeting. Amounts deducted under this section,  
35 including amounts deducted from wagers on out-of-zone races  
36 within the inclosure of the association or fair, shall be distributed  
37 as provided under Sections 19605.7, 19605.72, and 19605.73  
38 with respect to wagers made within the northern zone, or  
39 Sections 19605.71, 19605.72, and 19605.73 with respect to  
40 wagers made within the central or southern zone, except that

1 amounts distributed for purposes other than state license fees and  
2 fees payable to the Center for Equine Health, School of  
3 Veterinary Medicine, University of California at Davis, and the  
4 California Animal Health and Food Safety Laboratory shall be  
5 proportionally reduced by the amount of any fees paid to the  
6 Triple Crown or Breeder's Cup day host association pursuant to  
7 subdivision (c). The method used to calculate the reduction in  
8 proportionate share shall be approved by the board. For wagers  
9 on out-of-state and out-of-country races made within the  
10 association's or fair's inclosure, 1 percent shall be distributed to  
11 the association or fair as a satellite wagering facility commission.

12 (c) Nothing in this section precludes an association or fair  
13 from charging a fee as a condition of transmitting the Triple  
14 Crown or Breeder's Cup day races, except that any fee shall be  
15 allocated among all associations, fairs, and satellite wagering  
16 facilities receiving the transmitted race in proportion to the  
17 amount wagered at each location, and the fee shall equal that  
18 charged by the entity conducting the race or races. Further, the  
19 only fee that can be charged as a condition of transmitting the  
20 signal of an out-of-zone race shall be a fee of 2.5 percent on  
21 Breeder's Cup day races.

22 (d) All breakage and unclaimed tickets, including unclaimed  
23 refunds, shall be distributed equally between the association or  
24 fair that accepts wagers on the transmitted race, and the  
25 horsemen, in the form of purses. The purse moneys generated by  
26 this subdivision shall be made available for purses during the  
27 meeting in which they are received by the association or fair, or,  
28 if the association or fair is not then conducting a live racing  
29 meeting, during the next succeeding meeting of the association or  
30 fair.

31 (e) All wagers made pursuant to this section shall be  
32 considered to have been wagered at a satellite wagering facility  
33 and shall be excluded from total handle for the purposes of  
34 Section 19611.

35 (f) Notwithstanding Section 19530.5, satellite wagering  
36 facilities operated by a fair, in the Counties of Fresno, Kern, or  
37 Tulare shall be considered northern zone facilities and shall  
38 receive their audiovisual signal from the association or fair  
39 conducting a racing meeting in the northern zone that is  
40 authorized to distribute the signal and accept wagers on central

1 and southern zone races. Satellite wagering facilities operated by  
2 a fair, in the Counties of Santa Barbara or Ventura shall be  
3 considered central-southern zone facilities and shall receive the  
4 audiovisual signal from the association or fair conducting a  
5 racing meeting in the central or southern zone that is authorized  
6 to distribute the signal and accept wagers on northern zone races.

7 (g) All purse moneys derived from wagering on out-of-zone  
8 races at fair racing meetings shall be distributed to all breeds of  
9 horses participating in the fair meeting in direct proportion to the  
10 purse money generated by breed on live races conducted during  
11 the fair race meeting.

12 (h) During calendar periods when both a fair and a  
13 thoroughbred association conduct live racing, the amounts  
14 deducted under this section shall be distributed on any day of  
15 overlap as provided in Section 19607.5, except that the  
16 applicable state license fee shall be at the rate specified for  
17 nonfair meetings in subdivision (b) of Section 19605.7.

18 (i) During calendar periods when a thoroughbred association  
19 and a fair, or a thoroughbred association and any other breed  
20 association are conducting a racing meeting in the same zone, the  
21 thoroughbred association shall be the association authorized to  
22 distribute out-of-zone, out-of-state, or out-of-country  
23 thoroughbred or fair races, except that the thoroughbred  
24 association may waive this right and allow the other breed racing  
25 association conducting a race meeting to distribute the signal and  
26 accept wagers on out-of-zone, out-of-state, or out-of-country  
27 thoroughbred or fair races for any racing day or days. For the  
28 purposes of this subdivision, the combined central and southern  
29 zone shall be considered one zone.

30 (j) In order to ensure, to the extent possible, that out-of-state  
31 and out-of-country simulcasting, furthers the purposes of this  
32 section, a committee made up of one representative from each of  
33 the then-operating thoroughbred associations or fairs that are  
34 conducting a live racing meeting in the state and one  
35 representative of the organization responsible for negotiating  
36 purse agreements on behalf of the horsemen participating in the  
37 meeting shall do the following:

38 (1) Determine the out-of-state or out-of-country thoroughbred  
39 races to be imported on a statewide basis pursuant to provisions  
40 of this chapter.

1 (2) Ensure, to the extent possible, that the fees charged by  
2 out-of-state or out-of-country entities for these signals are at the  
3 lowest obtainable rate and at the same rate statewide, in order to  
4 maximize the revenue available to in-state associations and fairs  
5 and their horsemen.

6 (3) Ensure, to the extent possible, due to the reciprocal nature  
7 of the interstate simulcasting business, that the maximum  
8 obtainable revenue is generated by the sale to out-of-state entities  
9 of the audiovisual signal of races conducted in this state by  
10 thoroughbred associations and fairs.

11 (4) Ensure that program information requirements for in-state  
12 signals comply with the standards of the board, but provide that  
13 abbreviated program formats may be used for races imported  
14 from other jurisdictions.

15 (k) Notwithstanding any other provision of law, any  
16 thoroughbred association or fair, when operating a live racing  
17 meeting, shall distribute the signal of all races conducted by, or  
18 disseminated by, that association or fair to, and accept wagers on  
19 these races from, any association that is licensed to conduct a live  
20 quarter horse or harness racing meeting in Orange County and  
21 that conducted such a meeting in 1998.

22 (l) Notwithstanding any other provision of law, all  
23 associations or fairs when operating as eligible satellite wagering  
24 facilities shall be in compliance with, and subject to the  
25 provisions of, Article 9.2 (commencing with Section 19605) of  
26 this chapter, and shall display the signal and accept wagers on all  
27 live races conducted in this state without regard to breed.  
28 Notwithstanding the foregoing provision, a thoroughbred racing  
29 association located in the city of Arcadia is exempt from these  
30 requirements for live harness and quarter horse races conducted  
31 at night unless the thoroughbred racing association facility is  
32 open for business at that time and is accepting wagers on other  
33 night signals pursuant to this chapter. ~~Further,~~

34 *Additionally, a quarter horse racing association located in the*
